

WITH BOBBY BAKER standing at his side, Washington lawyer Edward B. Williams (right) holds up a gadget which he said was a tiny radio transmitter and wire tap. He charged the device was used by "federal agencies" to listen in on conversations between Baker and business associates. Baker has declined to answer questions at a Senate inquiry into his business dealings. (AP Wirephoto)

Baker Refuses To Answer In Senate Inquiry

WASHINGTON (AP) — Senators push ahead today with the Bobby Baker investigation, but the former Senate aide has flung a wet blanket over the inquiry by his refusal to answer questions.

There is substantial opinion around the Senate that while a lot of smoke still may pour out of the investigation, most have been snuffed out.

A Republican member of the Senate Rules Committee, unwilling to be quoted by name, said that Democrats were talking about a speedy windup of the inquiry but that Republicans have around 40 prospective witnesses they want interviewed and possibly called to testify.

Baker, who resigned under fire last Oct. 7 as secretary to the Senate's Democratic majority, is under subpoena to appear for questioning at a public hearing next Tuesday.

But he said Wednesday, after a closed hearing at which he refused to surrender subpoenaed documents, that he would follow the advice of his lawyers and decline to answer the committee's questions.

The committee said that after Tuesday's hearing it will consider whether to recommend to the Senate that he be cited for contempt of Congress, punishable by a year in jail, a \$1,000 fine, or both.

It is investigating whether Baker, while on the Senate payroll at \$19,600-a-year, engaged in outside business and financial dealings that conflicted with his official duties or involved other improprieties.

Weather

By The Associated Press

Upper Peninsula — Variable cloudiness and colder with snow flurries mostly near Lake Superior this afternoon and tonight. Lows tonight zero to 10 above. Friday partly cloudy and continued cold with a few snow flurries east portion, highs 18 to 25.

Lower Michigan — Variable cloudiness and a little colder with snow flurries mostly near Lake Michigan this afternoon and tonight. Some local accumulations of an inch or two of snow likely near the south end of the lake. Lows tonight 8 to 15 north and 14 to 22 south. Friday partly cloudy with a few snow flurries near Lake Michigan and continued cold, highs 25 to 34.

Highest temperature Wednesday 37, lowest 29.
Highest temperature one year ago today 33, lowest 5.
Highest temperature this date since 1872, 61 in 1930, lowest -8 in 1934.

Lawmakers Face Record Pile Of Bills In Lansing

LANSING (AP)—Its schedule already shoved back a week, the legislature today waded into a near-record flood of bills.

Gov. George W. Romney planned to meet with the entire Republican Senate membership today before the afternoon session. He discussed "procedural details" with the GOP leadership Wednesday.

A technicality in the 1963 Constitution has forced postponement of committee action on all spending bills until the bills implementing Romney's \$622.7 million budget are dealt with.

"One of the things holding us up on ADC-U (aid to dependent children of the unemployed) is that we're awaiting an attorney general's opinion," Romney said.

Romney has asked Atty. Gen. Frank Kelley if the ADC-U bill qualifying the state for federal participation could be classed as a "supplementing appropriation," excluded from the procedural requirement.

Romney said he had approval "in writing from Washington" that his proposal would be acceptable to the U. S. Department of Health, Education and Welfare which rejected the 1963 act.

Kelley said it would be "a few days" before the opinion was ready.

New introductions of bills Wednesday pushed the overall total to 1,090. This is more than the total of any session except the last two regular sessions in which bill introductions topped 1,200.

With new bills accepted through next Wednesday, a new record is likely.

The two chambers approved an across-the-board schedule postponement of one week. The approval of the resolution means new bills can be introduced through Feb. 26, and pushes the effective adjournment target date back to April 24.

Action Unlikely On Districting

WASHINGTON (AP) — Outside of some complaining and possibly a committee hearing for the official record, Congress isn't likely to do anything this year about the Supreme Court ruling that congressional districts should be more uniform in population.

"For one thing," a highly placed House Democrat said privately, "we just don't have time this year to deal with such a complicated subject. For another thing, most of us think it's none of our business how the states map out their districts."

Chairman Emanuel Celler, D-N.Y., of the House Judiciary Committee long has advocated that Congress take the lead in trying to get more uniformity

in congressional redistricting. He introduced a bill to do that more than a year ago but has been unable to obtain action in his own committee.

He said he would try again this year but wasn't optimistic about success.

Another proposal not expected to gain acceptance came from Texas congressmen. They are seeking legislation that supports the Supreme Court decision but preserves present districts until state legislatures can act in their regular sessions. Such a bill would prevent the 23 Texas congressmen from having to run at large this November.

A three-judge federal court at Houston has ruled the present Texas districts unconstitutional, but the decision has been stayed pending an appeal.

In New Haven, Conn., the Hartford Courant filed a suit in U.S. District Court that would force Connecticut's six congressmen to run at large this November unless the state is redistricted. The suit was filed in the name of Jack Aliman, a political writer for the paper.

Connecticut districts range in population from 689,555 to 317,953.

Mackie Acquires Flint Building Of 5 Apartments

FLINT (AP) — State Highway Commissioner John C. Mackie will both live in and conduct his campaign for Congress from a downtown Flint apartment building which he bought Wednesday.

Mackie said "I got a good deal" on the five - apartment building, but declined to tell newsmen what it cost.

Mackie has announced as a candidate for the Democratic nomination in the state's new Seventh district. It includes Genesee, Shiawassee and Lapeer Counties.

Boost Sought Of 65 Million In School Aid

LANSING (AP) — A plan for overhauling the state school aid formula, adding \$65 million in state support for education next year has been filed for introduction in the House.

With bi-partisan support, the proposal will be offered as a rival to a plan introduced earlier by Gov. George W. Romney.

The new bill would determine state aid to districts partly on the ability of a district to support itself and on demonstrated effort to support its schools through voted extra millage.

The Department of Public Instruction issued a statement saying the proposal was "backed and endorsed by every major professional and lay educational organization in the state."

Chief sponsors are Reps. Raymond Wurzel, R-North Street, chairman of the House Education Committee, and George Montgomery, D-Detroit.

Derived from a series of studies, the proposal is similar to a plan proposed previously by Charles Brake, former Wayne County superintendent of schools who served as special advisor to Romney on school aid.

Romney passed up Brake's plan, proposing a program to increase total school aid for 1964-65 by about \$40 million.

Romney's bill would enrich the state aid formula by \$10 million to help districts with low state equalized valuation.

It calls for an increase in state aid per pupil from \$224 to \$234, and boosts the deductible millage factor from 3.78 to 4.25.

The new school aid bill is designed to increase the state's share of school costs, which has not kept pace with local payments.

The new bill provides that no district would receive less than it collects now in state aid.

As under the present formula, districts with less equalized valuation would collect more state aid, richer districts would draw less.

Johnson Meets Mexican Leader

WASHINGTON (AP) — President Johnson flies to Southern California tonight for goodwill talks with President Adolfo Lopez Mateos of Mexico and a brief meeting with former President Dwight D. Eisenhower.

No major problems were in sight for the Johnson-Lopez Mateos conference and one Mexican official predicted, "It's going to be a happy visit."

The two Presidents will confer Friday and Saturday at Palm Springs, Calif., sandwiched in some speechmaking and ceremonial appearances in Los Angeles both days.

Johnson will fly by jet transport to Palm Springs early this evening. He will spend the night in the desert resort city before going to Los Angeles Friday to formally welcome his Mexican counterpart to the United States.

The first Johnson-Lopez Mateos conference will take place in Palm Springs Friday afternoon. Then the two presidents will drive to Eisenhower's winter home in neighboring Palm Desert for a courtesy visit scheduled to last a half hour.

Missiles Hidden In Cuban Caves, Exile Paper Says

MIAMI, Fla. (AP)—A Cuban exile publication claims missiles are being hidden in caves drilled in the Cayajabos area of western Pinar Del Rio Province.

Rafael Oller, editor of the exile magazine Dignity, said only Soviet military personnel are allowed to enter the area.

He said his information came from underground sources in Cuba.

Astronauts Train With Helicopters

PENSACOLA, Fla. (AP) — Astronauts Maj. L. Gordon Cooper and Air Force Capt. Edward H. White II, say they have completed 11 hours of helicopter training and are ready for solo flights.

Cooper and White told a news conference Wednesday that the helicopter training is designed to prepare them for landings on the moon. They said the helicopter is more allied in pattern and approach to a moon landing vehicle than any other available instrument.

Record Tax Slash Up For Final OK

ABANDONED BY HER CREW, the British freighter Ambassador wallows in the Atlantic, 660 miles southeast of Halifax. The 443-foot ship has a 50-degree list as she is hit by 35-foot waves, with the engine-room flooded and pumps useless. A Dutch tugboat has taken over the Ambassador as a prize of the sea. (AP Wirephoto)

Tug Takes Disabled Ship In Tow; 14 Men Missing

NEW YORK (AP)—A Coast Guard cutter and planes continued searching the North Atlantic today for 14 men missing from the storm-battered British grain ship Ambassador, but their survival was considered improbable.

Twenty of the 35 crew members have been rescued. The captain died.

Coast Guard area headquarters reported that a Dutch tugboat today took over the listing and abandoned Ambassador as a prize of the sea.

The Coast Guard cutter Coos Bay radioted early today that the tugboat Elbe put men aboard the Ambassador, they stopped flooding in the ship and the tug started towing her to the Azores Islands. The Elbe

had sped to the Ambassador for salvage purposes and arrived Wednesday night.

The Coos Bay and the planes continued to look for liferafts.

Weather in the vicinity of the Ambassador improved considerably before dawn.

Twenty-one of the men aboard the vessel when she began to take on water and listed badly were dramatically picked up by crewmen of the cutter and the Norwegian freighter Fruen.

But Capt. Harry Strickland, master of the Ambassador, was dead when brought aboard the Coos Bay.

Tuesday morning, about 660 miles southeast of Halifax, N.S., the Ambassador radioed for assistance, saying its engines were dead and it was helpless in the heavy seas.

Help Is Rushed To Homeless In Sao Jorge Quake

ANGRA DO HEROISMO, Terceira, Azores (AP) — Tents, medicine and food were rushed to homeless thousands on Sao Jorge today after a wave of earthquakes crumbled the island's main town to rubble.

An emergency evacuation that brought more than 1,000 Sao Jorge islanders to nearby Terceira was stopped Wednesday when the six-day series of quakes subsided. The other 19,000 inhabitants chose to stay on the island.

The American freighter Steel Director joined nine British, Norwegian, Italian and Yugoslav ships in removing dazed refugees. Two landing craft from the U.S. Air Force Base at Lajes, on Terceira's eastern shore, brought the refugees from the larger ships to shore. Most of the 1,600 buildings in

the area of Velas, Sao Jorge's chief town, were reported destroyed.

"The news we have is that all is desolation and ruins in that once happy sector of the island" the district governor said.

Rosais Township also was reported heavily damaged.

Portugal, which rules the volcanic Azores chain 1,000 miles west of Lisbon, sent troops to Sao Jorge with relief supplies.

Antonio Loureiro, a refugee, said he lost count of the tremors, which began last Friday. "There must have been over 1,000 of them," he reported.

Jose Miniz Madruga said he and many others got away with only the clothes they wore after the quakes wrecked their homes.

Many of the homeless assembled at Calheta, an east coast village, to await rescue.

There was speculation that the seismic shocks were the result of a volcano building up on the ocean floor. All of the nine Azores islands except Santa Maria are of volcanic origin.

Cuban Fishermen Freed; Captains Fined \$500 Each

KEY WEST, Fla. (AP) — Twenty-nine freed Cuban fishermen boarded their four trawlers today to sail for their homeland but were delayed, apparently by mechanical trouble on one of the boats.

The Coast Guard cutters Cape Darby and Cape York and a patrol boat stood by to escort the trawlers into international waters. The Cubans and their Castro-owned boats were captured 18 days ago for poaching in U.S. waters.

Czech diplomat Frantisek Leticki of Washington paid fines of \$500 each Wednesday for the four captains of the boats on behalf of the Fidel Castro government. The captains were given suspended sentences in addition to the fines. Judge Thomas Caro dismissed similar charges against 25 crewmen, saying they merely took orders.

Churchill Turns Up In Commons; Won't Run Again

LONDON (AP)—Sir Winston Churchill, due to retire from political life this year, turned up at the House of Commons Wednesday night and joined in ushering through a piece of routine legislation.

Churchill, 89, has made frequent appearances lately as his long parliamentary career nears an end. A national election is due this year and Sir Winston has said that he will not be a candidate.

Today's Chuckle

Folks used to deny themselves to have money in the bank—today they go without money to have the luxuries.

Gale Piles Up Drifts Along Eastern Coast

A snow storm spawned in the Gulf of Mexico slammed into the Eastern Seaboard Wednesday, with gale-force winds piling drifts up to six feet from North Carolina to Maine.

The affected areas were expected to have a "breather" today, with snow flurries, light rain or just cloudy weather forecast.

The storm closed many schools and slowed plane, train, auto and bus traffic. Numerous sports and social events were canceled.

Six Feet Deep

Drifts were six feet deep in northern Virginia; five feet on Maryland's secondary roads. Near Carlisle in central Pennsylvania the snow measured 25 inches, as it did in Martinsburg, W.Va.

The Baltimore and Washington, D.C., areas were practically bypassed. Baltimore got only a few inches of snow and rain prevailed in the nation's capital. Trains from Washington to Philadelphia were up to a half hour late.

New York City escaped with 4 to 6 inches of snow, but gusty winds up to 32 miles per hour caused some power failures.

Westchester County, north of the city, and the Catskill Mountain area were hit hard, with snow accumulations of up to a foot. In Upstate New York the snow depths were: Albany, 6 to 8 inches; Glens Falls, 4 inches; Syracuse and Rome, 2 inches; and Rochester and Utica, 1 inch.

Bergen County in New Jersey had 8 to 10 inches.

Also in New Jersey, the storm prevented refueling operations at McGuire Air Force Base, canceling air lifts for 1,500 troops headed from Texas to Germany and the same number headed the other direction.

The airlifts were to demonstrate U.S. ability to rush troops to trouble spots.

Connecticut called it the winter's worst storm, with up to 11 inches of snow in some inland spots. The coastal areas had up to 6 inches.

Access Highway Will Be Built To Sawyer Base

LANSING (AP) — The State Highway Department has announced that a \$1 million access road will be built at the K. I. Sawyer Air Force Command base southeast of Marquette in the Upper Peninsula.

The seven - mile long highway will be built between the base and U.S. 41 in the vicinity of Skandia. Bids for the project, which will be financed by Air Force Funds, will be opened Sept. 30. The road is being built to provide an all - season highway to the base.

Measure Will Take Effect By Mid-March

WASHINGTON (AP) — An \$11.5-billion tax cut, largest in the nation's history, is ready for the final formalities expected to put more money into the pockets of 80 million American taxpayers by mid-March.

Senate and House conferees completed work on the 400-page measure Wednesday. The House is expected to pass the compromise bill next Tuesday, with Senate action coming either the same day or next Wednesday. Little opposition is anticipated.

President Johnson is then expected to sign the bill early the following week. The first effects of the bill will come in reduced withholding of taxes in paychecks dated eight days after the measure is signed—either March 11 or 12.

Cut 19 Per Cent

The reductions average about 19 per cent of present individual taxes. Rates for some 550,000 corporations are also being cut.

Conference agreement climaxed a solid year of concentrated work in rewriting dozens of provisions in the U.S. tax code.

House hearings began on the bill in February last year, just after the late President John F. Kennedy asked Congress for a massive tax cut to try to solve many of the nation's economic problems.

Johnson followed his predecessor in putting the tax cut measure at the top of his legislative agenda along with civil rights.

The reductions are expected by the administration to provide a stimulus aimed at boosting the 1964 economy and providing healthy long-run effects on unemployment and other problems.

The new withholding rate is expected to pump an extra \$800 million into the economy each month.

Withholding Rate Drops

The biggest administration victory came in the last-minute decision Wednesday to knock out a House provision reducing the capital gains tax on assets held two years or more.

There might have been trouble with the compromise measure in the Senate if this cut had been retained.

It would have lowered the capital gains rate to 40 per cent of the normal levy, with a 21 per cent ceiling, on profits made from sales of stock and other property held two years or more. The present rate is 50 per cent of the regular tax with a 25 per cent maximum.

Elimination of the provision saved a \$260 million annual revenue loss in the long run.

The major provisions in the bill were the same in both Senate and House bills.

The new personal rate schedule will run from 14 to 70 per cent compared with 20 to 91 per cent now. About two-thirds of the cut is effective this year, retroactive of an. 1, and one-third in 1965.

For corporations, the present 52 per cent rate is reduced to 50 per cent in 1964, 48 per cent starting in next year.

The wage and salary with-

Two Men Admit Possession Of Bogus \$20 Bills

DETROIT (AP) — Two Warren men pleaded guilty in U. S. District Court Wednesday to charges of possessing counterfeit money.

Pasquale Venditti, 25, and Joseph V. Loricchio, 31, co-owners of Detroit's Rio Bakery, admitted they had 316 counterfeit \$20 bills when arrested late Tuesday. They were released on \$5,000 personal bond each.

A man arrested with them, Francisco A. Calabro, 26, of Detroit, was held for further questioning. Court attaches said Calabro is awaiting sentence after pleading guilty to a prior counterfeiting charge.

Maximum penalty for possession of counterfeit money is 15 years imprisonment and a \$10,000 fine.

Censure C&NW In Rail Merger

CHICAGO (AP)—A federal judge has ordered a new vote by stockholders of the Rock Island Railroad on merger with the Union Pacific Railroad.

Judge Julius Hoffman of federal district court also ordered a new solicitation of proxies and banned any meeting of stockholders for the purpose of approving any merger within the next 60 days.

The ruling applies to the Rock Island, the North Western and the Union Pacific railroads.

The court also enjoined the North Western from soliciting proxies or seeking to persuade Rock Island stockholders to vote against approval of the proposed merger by means of any communication not filed with the Securities and Exchange Commission.

The court, in a 21 page opinion, severely criticized the North Western for actions it took in its attempt to defeat the proposed Rock Island-Union Pacific merger.

Rock Island shareholders were to have voted Nov. 15, 1963, in a special meeting on merger with the Union Pacific. The plan had been approved by directors of both railroads.

The Union Pacific, however, sued to have the vote count held up when it appeared that moves by the North Western might lead to defeat of the merger plan.

Proxies on the Union Pacific proposal never were counted, and Judge Hoffman ordered indefinite postponement of the stockholders' meeting pending outcome of injunction sought by the Union Pacific.

Outside of court R. Ellis Johnson, president of the Rock Island, said directors of the road would meet soon, to set a date for a new meeting of Rock Island shareholders to vote on the proposed merger.

Birthday No. 107

LANCASTER, Pa. (AP) — Mrs. Charles Landis celebrates her 107th birthday today with fancy cake, many felicitations and a visit from Philadelphia relatives.

Born in the nearby town of Paradise, her life has spanned the administrations of 21 presidents, from James Buchanan to Lyndon B. Johnson.

THE NEW ENSTROM CORP. production facilities at Menominee provide about 13,000 square feet of floor space. Production of helicopters is under way and customer deliveries are scheduled to begin this summer. Twenty-seven persons are employed. First helicopter off the assembly line will go to Lewis College, Lockport, Ill. Enstrom has sales agreements in several South American and European countries as well as in Canada. Some of the first production helicopters are for these export customers.

Wayne St. Pierre Will Address Rapid River PTA

RAPID RIVER—Rapid River P. T. A. meeting will be held at 8 p. m. Monday, Feb. 24, in the multi-purpose room of the Bay de Noc Elementary School. The program will feature Wayne St. Pierre, counselor of the Catholic Social Services. St. Pierre's topic will be "Mental Health in Today's Family," which will include the Service's foster children plan.

Wayne St. Pierre is an authoritative speaker, having received his B. S. degree in social work from Northern Michigan University and his master's from Wayne State University. He studied one year at the Merrill-Palmer Institute of Psychological Study in Detroit, and previously worked for the State Department of Mental Health at the Northville State Hospital in Northville. He came to the Catholic Social Services in Escanaba, August of 1961.

Mrs. George Holmgren made the program arrangements. The 11th grade mothers will serve refreshments.

Mrs. Larson Dies In Iron Mountain

Mrs. Harold Larson, the former Malvina LaFreniere, a sister of Mrs. Gladwin Oberg of Escanaba, died suddenly at midnight Tuesday at her home, 119 West C St. in Iron Mountain.

She leaves her husband, two daughters, Mrs. Francis Drake and Beverly Ann, Iron Mountain, and two sisters, Mrs. Oberg and Mrs. Alice Marolf, Green Bay.

The body was taken to Rochon Funeral Home, Iron Mountain. Services, which Mrs. Oberg will attend, will be held Friday morning.

Many Projects On Agenda For History Society

The employment of a Museum director and discussion of plans for a year of activities devoted to the advancement of Delta County Historical Society objectives were accomplished by the Society's directors and committee people meeting last night at the Chamber of Commerce building.

John J. Mitchell, president of the Society, directed attention to the Historical Society's role in serving the people of Delta County.

A summer meeting to be held in Garden in July, a program of historical markers, operation of the Delta County Historical Museum visited last year by 4,228 persons during the summer season, plans for a marine park, a joint meeting with the Schoolcraft Historical Society and other projects were discussed.

The Museum at Ludington Park in Escanaba will open during Michigan Week in May and this year will have as its director Mrs. Charles Norton of Gladstone. She will succeed Dave Coon of Escanaba, who asked to be relieved of the responsibility, but will continue in a consulting capacity.

Mrs. Norton, a native of Spooner, Wis., has resided in Delta County for 37 years. She is a widow. Prior to her husband's death, the Nortons lived in Escanaba, then in Gladstone, and now Mrs. Norton resides on the Lake Shore road near Gladstone.

She was a regent of the Daughters of the American Revolution and is now treasurer of the Lewis Cass Chapter of the D.A.R. While she was regent, the D.A.R. erected a memorial marker at the Carnegie Public Library corner, site of the first school building in Escanaba.

Marine Park
Welcomed at the meeting of directors last night was John Novack of Escanaba, who brought with him a scale model of the Coast Guard cutter Escanaba, made by Irving Paulin of Escanaba. The all-steel model was constructed from original blueprints of the vessel, which was lost in World War II in the North Atlantic.

The blueprints were also on display at the meeting.

Interest of the Historical Society in the marine history of the Bays de Noc area is expected to encourage development of a marine park at the Municipal Dock in Escanaba. Marine mementoes of the past and present could be assembled there and would be an outstanding attraction.

Robert Schmeling, Society vice president, reported that a metal plaque which will mark the location of the Escanaba Centennial time capsule at Municipal Dock has been ordered. It will be erected at the site in the spring.

Century Book Sale

The directors approved placing Century Books on sale with dealers in Escanaba, to be sold at \$2.50, with dealers to receive a commission of 50 cents per copy. Clint Dunathan is chairman of the book committee.

Officers of the Society include Miss Eva Flemlstrom, secretary; Mrs. Clint Dunathan, treasurer; and directors William E. Anderson, Frank Bender Jr., Edward E. Edick, George Embs, Charles Follo, Clayton Ford, Mrs. Cornelia Jensen, Mrs. Paul Radmacher, Peder Pedersen, Arvid Mustonen, A. T. Schiberg and Robert Watchorn. Committee chairmen are:

Atty. William E. Anderson, historic sites and markers; Frank Bender Jr., Historical Museum; George Embs, State Fair and special events; Atty. John G. Erickson, chairman, marine park, and George Harvey; Edward E. Edick, membership; Charles Follo, program; William J. Winkler, auditing; Mrs. Cornelia Jensen, refreshments; Milton Embs, anchor acquisition; Jean Worth, Heritage Day.

Redecorating Alton Hall

ENSIGN—The Alton Hall in Ensign township is getting a face lifting. Harold Gustafson, township supervisor, is starting his township's spring clean-up and paint-up project early. The entire interior of the hall will be redecorated.

The Alton Hall, formerly known as the Alton Grange, is one of the oldest landmarks in Ensign township. This hall is used for township meetings, yearly elections, 4-H club meetings, township parties, and wedding receptions. The hall services many people and the redecoration program is well appreciated.

Envoy Leaves

PARIS (AP) — Nationalist China's last charge d'affaires to France boarded an airliner for Formosa today. Nationalist China broke relations with France Feb. 10. France and Communist China recognized each other Jan. 27.

Peninsula Potpourri

Laurium—Village voters rejected a proposal that \$200,000 be borrowed to match federal funds in an Accelerated Public Works Program project for street improvement, 337 to 296.

Hancock—Suomi College enrolled has an all time 67 year high of 272 students. The enrollment increase is chiefly caused by students from outside the immediate four county area from other states, Finland and India.

Harvey — It's centennial year in Chocoley Township, Marquette County, marking the year that Harvey was platted, and Chocoley men are starting to grow beards for an observance of the 100th birthday.

Sault Ste. Marie — The Michigan Congress of Parents and Teachers has scheduled its 1965 state convention in Sault Ste. Marie, Apr. 26-28. This year's convention will be at Lansing, April 20 - 22.

Chatham — This Alger County community, previously a part of Rock River Township, is now a separate, incorporated village after approval of incorporation by village voters, 81 to 29. It is the first time since 1918 that a village has been created in the Upper Peninsula. Voters also elected a five man council.

DeTour — Good ice fishing conditions on Raber Bay in the St. Mary's River has produced two trophy muskellunge, one weighing 33 pounds 8 ounces and one 28 pounds 6 ounces. Fishing for other species has been good too.

Marquette — William Dionne, operator of Bill's Welding Service here, has started producing yard gliders on order and hopes to go into full production with 6 persons employed on manufacture of the old fashion swing seats in June.

Eben — The Marquette Alger County Farm Bureau plans a victory party at Eben School Feb. 29 to celebrate passing its Farm Bureau membership goal of 111 families. It has enrolled 115 families.

Munising — A theater party here will defray cost of road signs to be erected by the Alger County Chamber of Commerce to direct attention to Tahquamenon Falls at Newberry, the Pictured Rocks here and the iron mines of the Marquette range.

Engineers Club To Meet Friday

The Bay de Noc Engineers Club will meet at the Sherman Hotel on Friday, Feb. 21, with dinner served at 7:30 after a social hour.

Richard Rinehart, president of Bay de Noc Community College, will speak on "The Future of Engineering." Members and persons interested in engineering and the future of the local community college are invited to attend.

Harvey Inn Near Marquette Burns

MARQUETTE (AP) — Fire today destroyed the Harvey Inn, a popular Upper Peninsula dining club in Chocoley Township four miles southeast of Marquette. No persons were injured in the blaze. Damage was estimated at \$100,000.

Veteran Logger Likes Old Tales

Emil Dulek of 201 N. 19th St., a retired logger who keeps an amazing vitality despite loss of both his legs, will mark his 84th birthday on Sunday at an open house and birthday party from 1 to 5 p. m.

He's famed among his many friends for his yarns about the years in which he logged in the Upper Peninsula. He has cut timber from Northland to Watersmeet and he has the distinction of having driven a team of horses home to his Spalding Township farm from Watersmeet one spring after his logging camp broke up.

Emil Dulek was born in Kewaunee, Wis., in 1880 and came to Michigan to work in a logging camp above Spalding for Joe Veeder. He bought 40 acres from Mr. Veeder and started farming for himself and brought Elizabeth Knope of Manitowoc, Wis., to his wilderness farm as a bride in 1897. He rented a tavern in Powers and operated it for several years and then returned to logging and enlarged his farm to 160 acres, much of which he cleared by hand.

He was severely injured when crushed by the fall of a jammer (log loader) and spent several months in an Iron River hospital but returned to logging when he recovered.

He bought 12 forties of timberland at Northland and logged there for 20 years until he retired to his farm. In 1949 he sold the farm and bought his present home in Escanaba. Mrs. Dulek died in 1955 and in 1959 he married Mrs. Eva Ruel, a native of Cornell. They were married a year when he had to have a leg amputated and in 1963 the other one was taken off. Mrs. Dulek took a course in home nursing to better care for her husband.

She matched his spunky activities entertaining with magic and card tricks and story telling, by sliding him into the car for many trips. He wants to continue the rugged man of his younger years, she says and he manages it by still cutting wood.

Dulek bought his first car, a Model T Ford, in 1951 and when he drove it home his family was so excited that it ran out to greet him and he drove the car into the garage door. But from then until 1960 he drove a lot and had only one accident, at Norway, when a chicken ran across the road and he impaled it on the crank of his car.

On an occasion when his friend Justice Henry Ranguette said he would forget \$2 of the \$4 fine for a traffic offense, Dulek said "OK, and I'll forget the other \$2."

He was an ardent deer hunter and in his late years hunted at John Kirschner's camp at Powers, at his grandson Harland Pepin's camp at

Isabella and at Richard Sherman's camp at LaBranche. One of his stories is about his escape from a pack of wolves that treed him when he became lost. Finally one wolf went away while the others guarded him and then returned with three beavers which chewed down the tree he was in. Luckily it fell into another tree but the beavers then started to eat down that tree. It was so big that they couldn't finish it before daylight, when his camp crew found him.

Dulek's closest call as a logger was when a bear caught him picking blackberries. He threw the berry pail at the bear but it chased him through the woods and up onto a snowbank, where the bear bogged down. When sharpies ask Dulek how come there was a snowbank in berry time he says "The bear chased me from August through November."

Dulek's family includes his sons John of Escanaba and Raymond of Florence, Wis., and four daughters, Mrs. Mabel Groleau of Ensign, Mrs. Dolly Altenburg and Mrs. Betty Pepin of Escanaba and Mrs. Dorothy Kirschner of Powers.

Milwaukee School Teachers Reject AFL-CIO Union

MILWAUKEE — A hard-fought collective bargaining election campaign to represent Milwaukee's 4,200 public school teachers has ended in defeat for Walter Reuther, chief of the AFL-CIO's drive to unionize the teachers.

The election in Milwaukee, the first of its kind nationally, resulted in victory by 605 ballots (67.4 per cent of the total vote) for the Milwaukee Teachers Education Association over Local 252, American Federation of Teachers, AFL-CIO.

Traffic Toll 236

EAST LANSING (AP)—Traffic accidents have killed 236 persons in Michigan so far this year, provisional figures compiled by state police showed today. The highway death toll at this date last year was 163.

Students Visit Electric Plant

Boys and girls of Ralph Tippett's fifth grade room at the Webster School, after visiting the Escanaba electric generating plant as a concluding feature of a science unit study, returned to the classroom to write a report.

While some of the 27 youngsters in the class were a bit unsure of their spelling of such words as "electromagnetic" and "turbine" they were enthusiastic about their impressions of power and size of the generating facility.

The students, their teacher, and two of the room mothers, Mrs. Peter Short and Mrs. Ray Crandall, were conducted on a tour of the electric generating plant by Wilbur Montgomery, plant manager for the U. P. Power Co.

"Next we went in to a big room," reported Mike Dewar. "The first thing we saw was the generator itself. He showed us a shaft which turned the electromagnet. Connected to it was a turbine with hundreds of small blades that operate much like a pinwheel and high pressure steam blows against it turns the shaft."

Concluding his report, Mike described the return of steam condensate thus: "After the steam was used in the turbine it is condensed and the same thing happens."

"We learned a lot of facts," reported Lynne Kennedy, adding "The water used for the boiler must be even more pure than your drinking water."

One student summed up the situation of 27 children and one guide with admirable perception. She described how Montgomery conducted them through the plant and concluded: "Our guide answered all of our questions the best he could."

OUR FIRST ANNUAL

Highway Clerks Lauded By State

Members of the Upper Peninsula Road Commission Clerks Association meeting Wednesday in the House of Representatives, reviewed the annual reports which they submit each April 1 to the Michigan Highway Department.

The reports, now in preparation, are the paper work base for relations between the county road system of the state and the state's Highway Department and cover work on primary, local and trunkline highways.

The clerks were addressed by William J. Brickley, Lansing, of the Highway Department, who commended them on the quality of the reports and said he foresaw no major changes soon in the method of reporting because of changes in the Highway Department under the new Michigan constitution. In 1965 it will replace the present elected state highway commissioner with a highway commissioner appointed by a bi-partisan highway commission which itself will be appointed by the governor.

Don Douville of Iron Mountain, senior auditor of the Attorney General's Department spoke on bookkeeping techniques and Clark Niedermier, Lansing, of the Michigan County Roads Association also spoke. It was the quarterly meeting of the group and all 15 U. P. counties were represented.

Mr. Pelletier Taken By Death

NEWBERRY—Louis Pelletier of 910 Phelps St. died at 5:20 a. m. today at Tahquamenon General Hospital after a long illness. He was 77 years old.

He was born in Newberry on Nov. 30, 1886 and had lived here all his life.

Mr. Pelletier was a bus driver for the Barrett Co. until his retirement two years ago.

He was married to the former Mary McRae in Escanaba on June 29, 1929.

Surviving besides his widow are a son, Vincent of Sheboygan, Wis., a daughter, Mrs. John (Joan) Todd of Wisconsin Rapids, and five grandchildren.

He was a member of St. Gregory's Catholic Church, was a past Grand Knight of Council 2929 of the Knights of Columbus, was a veteran of World War I and a member of World War I. U. S. A., Baracks 276, and was a member of the Luce County Selective Service board at the time of his death.

Mr. Pelletier's body is at the Beaulieu Funeral Home and funeral arrangements are incomplete.

OFFICERS OF THE Upper Peninsula Road Commission Clerks Assn. meeting Wednesday in the House of Representatives. U.P. Transport Seminar Set For Escanaba Apr. 22

The Upper Peninsula will tackle its transportation problems at a peninsula-wide seminar and workshop in Escanaba's state office building Wednesday, April 22.

The meeting was planned by a committee which met at the House of Representatives on Wednesday to seek means of implementing the recommendations of the study on Upper Peninsula transportation made for the Upper Peninsula Committee on Area Problems by its technical assistance officers. They are economists from Robert R. Nathan Associates supplied by the Area Redevelopment Administration.

The meeting will have a general session in the morning with speakers on each mode of transportation in the Peninsula — air, rail, water, trucking and the Mackinac Bridge — with Mayor Harold Vanlerberghe of Escanaba as moderator. The probable lineup is Frank Buttimer, vice president of North Central Airlines on air service; Guy Knutson, general manager of the E&LS Railroad; a port official from Milwaukee on water transportation; A. W. Freeman of Clairmont Transfer Co. on trucking; and Lawrence Rubin, secretary, Mackinac Bridge Authority, on the bridge.

A luncheon in the House of Representatives will be addressed by John Cole, of the Washington Office of Urban Transportation, on intercity and intracity transportation in areas like the Upper Peninsula.

At 2 p.m. four workshops will start simultaneously in the

State Office Building, House of Representatives, Delta County Building and Escanaba Chamber of Commerce.

Lawrence Rubin will moderate the shop talk on the Mackinac Bridge, with presentations by the Public Service Commission, private and commercial truckers, the Upper Michigan Tourist Association, and Robert Nathan Associates on what can be done to increase bridge traffic.

The Upper Peninsula Highways and Communities Workshop will stress community-highway relationships. There will be representation of the Michigan Municipal League, Bureau of Public Roads, Michigan Highway Department, county highway departments and interstate road interests.

The Transportation Opportunities Workshop will explore means of increasing Upper Peninsula business by improving U.P. transportation. It will explore pooled shipments for small business, new and improved transportation equipment to reduce hauling costs, and development of new markets through air, rail, truck and water transportation, and centralized warehousing and distribution services.

Promotion of U.P. Travel Workshop will cover air and overland transportation services, the tourist trade, package tours and the experience of NORDLAC in this method of all-expense travel promotion. Speakers will include representatives of Greyhound Bus Lines, the new Indian Head resort in Gogebic County, and Bruce Reid of Milwaukee, president of Copper Harbor Corp., which is planning a more than million dollar resort development in the Keweenaw Peninsula.

The planning committee included Rubin and Herbert Ellis of the Mackinac Bridge Authority; Larry L. Socha, Chicago & North Western Railway; James Palm, North Central Airlines; Abram Snyder, Michigan State University; Mayor Vanlerberghe; Carl Graves, Manistique Chamber of Commerce; Joseph Revis, Nathan Associates; Charles Folio, University of Michigan; Roger Murray, Michigan Highway Department; Richard J. Williams, Milwaukee Road; Guy Knutson, E&LS Railroad; Wesley Perron, Soo Line; A. W. Freeman, Clairmont Transfer, and Don Desotell, U.P. Power Co.

Thai Diplomat Is SATO Chief

BANGKOK, Thailand (AP)—Thailand's Konthi Suphamongkol, one of his country's best known diplomats, was installed Wednesday as secretary-general of the eight-nation Southeast Asia Treaty Organization.

Konthi, 47, took over from acting Secretary-General William Worth.

Bay de Noc Area At Chicago Show

Upper Michigan representatives will continue telling Midwesterners about the recreational advantages of this North Country at two more vacation and travel shows opening this week.

Opening Friday will be the Chicago Sportsmen's and Vacation Show, while the Cincinnati Gardens the following March 1.

U.P. Chambers of Commerce are cooperating with the Upper Michigan Tourist Association in manning booths at these two shows, part of the concentrated promotional program undertaken by the association this winter and spring. Art Larson, L'Anse, is captain of the group going to the Chicago exhibit, while Otis Rightmyer, Sault Ste. Marie, will head the delegation at the Cincinnati exposition.

James G. Ward Jr. of Escanaba will represent the Escanaba Chamber of Commerce at the Chicago show opening Friday and the Chamber has sent a large number of Escanaba Daily Press tourist tabloid papers and Chambers tourist folders to show, Courtesy of Clairmont Transfer Co., for distribution.

"Just as we found at the recent Detroit Boat, Sports and Vacation Show, we expect considerable interest to be shown in Peninsula vacation and travel attractions by Chicago and Cincinnati area residents," said Ken Dorman, secretary-manager of the Tourist Association. "Attendance at these travel shows had a direct beneficial effect on our tourist last year, and we expect even better results for 1964."

We've got enough personal lined up for the Chicago show, but could use more people at Cincinnati."

Dorman was enthusiastic about the growing spirit of cooperation being shown by all chamber people helping promote the Upper Peninsula at travel shows.

"Even more than last year, we noticed an eagerness by cooperating groups to 'sell' the entire Upper Peninsula to people who express an interest in vacations north of the Straits of Mackinac," he declared. "People in the tourist service in the peninsula are rapidly shedding any 'isolationist' attitude they ever had and are quick to point out the scenic beauty and unusual and outstanding attractions to be found in areas other than their own."

French Squelch Gabon Revolt

LIBREVILLE, Gabon (AP)—President Leon Mba of Gabon resumed office today after French troops put down a two-day military revolt in his West African country.

Unconfirmed reports said 27 persons — 25 Gabonese and 2 Frenchmen—died in the fighting Wednesday that ended the rebellion.

Mba, 62, a champion of close association with France, said in a radio broadcast that legislative elections would be held as scheduled Sunday. Mba had dissolved the National Assembly and called new elections in an attempt to freeze out opposition leader Jean-Hilaire Aubame, whom they proclaimed provisional premier Wednesday.

Mba said that members of the revolutionary committee who led the revolt have been imprisoned.

Rebel soldiers seized key government buildings in Libreville at midnight Tuesday and captured Mba in the presidential palace.

Retarded Child Interest Urged

Dr. George Maniaci told the St. Thomas Home and School Society meeting Wednesday night at the school that mental retardation is caused by lack of complete development of the brain or some process that destroys brain cells.

Causes of retardation, he said, can be infections, German measles, and the RH blood factor. It takes billions of cell divisions for development of normal children and this process can go wrong and result in mental retardation.

Many injuries can cause retardation, he said, which is one reason why automobile safety seat belts and other accident injury aides are used. Dr. Maniaci said there are 5.5 to 6 million retarded persons in the nation and 1,000 in Delta County.

The goal of the Michigan Association for Retarded Children and its Delta Chapter is more educational opportunities for the retarded and equal rights. Dr. Maniaci urged women groups to visit Newberry Hospital and see the children's block.

The Fourth Grade mothers served refreshments.

What A Winter!

Even Joe Muffraw wouldn't know how to describe this winter in the Upper Peninsula. Joe liked to tell about the Winter of the Blue Snow; that was one that Paul Bunyan never forgot. It was followed by the spring with the wind that came up from China.

It was so cold that winter that Paul's loggers all swore blue streaks and the snow turned blue. Actually it came down blue in the first place, but it was even bluer after the loggers got through cussing the cold. Hard as that winter was, it was pretty, with the snow as blue as the sky and making it hard to tell where one started and the other left off.

The two Joe Murphys in Paul's Camp—they were brothers and one was named Pete—didn't like snakes and there were so many snow snakes that winter that the Murphys had a very bad time of it and it was made even worse by the frost-biters up in the hills.

It was so cold that a lot of the loggers' conversation froze as it came out of their mouths and Paul had to wait until Spring when the wind came up from China and thawed things out to learn what his loggers had been saying.

But Paul's shantyboys are gone now and we haven't had a blue snow since, and by the high-haired dogs it looks as though snow is going out of style in the Upper Peninsula. The south slopes are bare in the woods now, just when any respectable winter woods ought to have enough snow to wet a logger's belt buckle.

This week's reading on the U.P.'s snow gauges in Delta-Marquette-Alger triangle show that the snow is a foot under the average of a year ago. It's 1.3 feet today and it was 2.3 feet a year ago. Last year was a bit skimpy, too, but in 1962 at this time the snow gauges had their buckles wet.

The relative readings in feet from 1964 and 1962:

Champion	1.6 and 2.4
Gwinn	1.1 and 2.2
Marquette	0.8 and 2.1
Ensign	0.7 and 2.0
Chatham	2.0 and 2.0
Big Bay	1.6 and 2-plus.

Paul would be ashamed if he were here today. He always said that the snow was the poor man's fertilizer; that it melted and filled the lakes and made the fish grow. And here we are well along toward spring and we haven't had enough snow in the woods to bog a Beagle. The Beagles are about the only ones that are very happy about it, except maybe a few lazy loggers who are glad they don't have to plow their roads the way they did two years ago.

City folks aren't unhappy about the wind coming up from China so early this year and making it a bare-foot winter, but Paul would say we'll rue it. "When it's time for winter," Paul used to say "let it winter!" But then, Paul was a man of his times and they're gone. If he were here today he'd be worrying about getting enough melt water to float his logs down the Onion River into Garlic Lake in the spring and there aren't any log drives any more.

Paul used to brag about our winters, said it took him to winter up here. He overdid it a little bit maybe, and got folks thinking that the U.P. was a permafrost area. In the Copper Country they still boast about tunneling to the tavern, but this year there's hardly enough snow to hit a tourist in the back of the neck and we'll have to think up a new lie to scare 'em.

Too bad Old Paul isn't around any more. He'd find a way to scare the tourists away. Maybe he'd do it with bears. Paul exaggerated so much about bears that Sourface Murphy told him one time "Bring me a man that's been bit by a bear and I'll eat the bear!" But Paul couldn't do it. He had to shut up.

Woman Candidate

Even if her dainty bonnet gets trampled all over, Margaret Chase Smith's entry into the race for the Republican presidential nomination should do wonders for the morale of an important part of the population.

Sociologists are both worried and encouraged by the increasing number of women whose lives are "finished" by their 40s or 50s.

Their children are grown and gone from home; the goals they and their husbands set at the beginning of marriage have either been reached or modified to fit what they have actually achieved.

These women are physically healthy and intellectually in their primes, yet they feel superfluous and useless.

This is not to disparage the career of housewife, which is the most important job in the world when a family is young. But it is a job that comes to an end, despite the old saw about women's work.

Some women at this stage just languish. Others go in for social make-work and rounds of teas and card parties. Others take meaningless jobs just for something to do. Still others deteriorate, develop neuroses, begin to drive their husbands away.

But more and more women are recognizing the period as a challenge, a second chance at life. They are going back to college and the career that was interrupted by marriage. Or they are going to college for the first time, or taking specialized training and embarking on careers they never dreamed of.

Not everyone of course, can venture into politics. Mrs. Smith got a head start by being married to a congressman. She had no children, but she was nearly 42 when she was elected to fill her late husband's unexpired term in 1940. Any children would have been pretty well grown.

Margaret Chase Smith is not a special case, just a well-known one. But because of her, the world of politics, if only on the local level (which is perhaps the most important level of all), may come to realize the truth of the statement: Never underestimate the power of a woman.

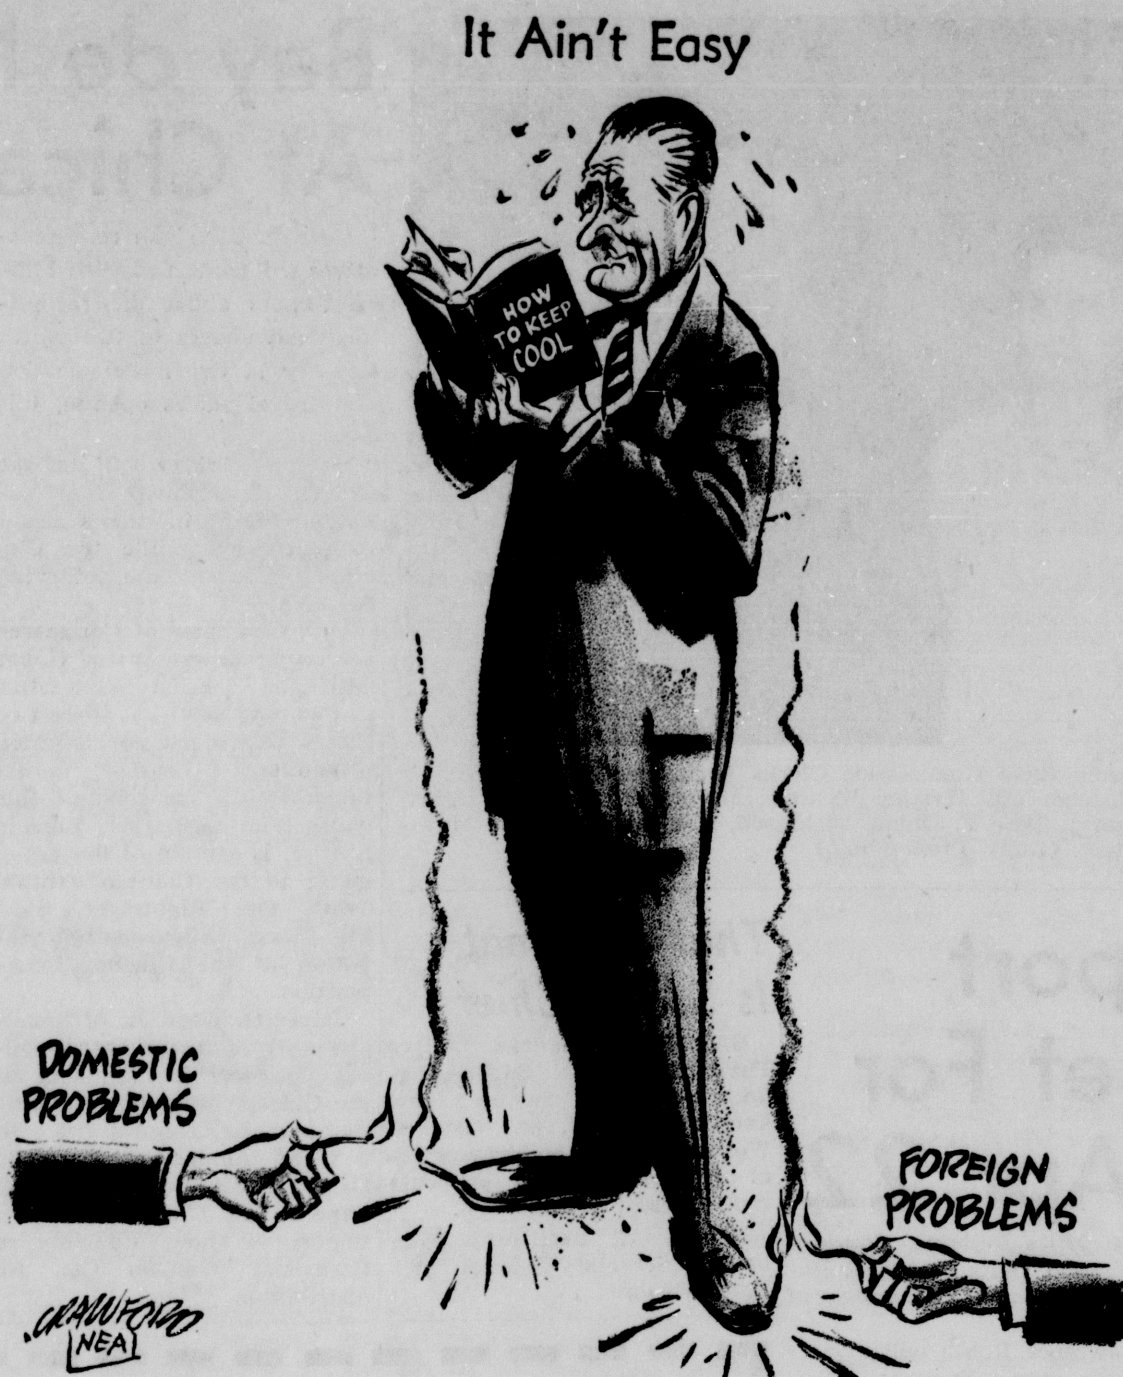

More important, many women may come to realize that the statement applies to themselves.

Schnibble Warning

The following sign is attached to a device that tracks satellites at the Sohio Research Laboratory in suburban Cleveland, Ohio:

"ACHTUNG! Alles touristen und Non-technischen Lookens Peepers! Das Machine control is nicht fur Geringfingern und Mittengraden. Oderwise is Easy Schnappen der Springenwerk, Blowenfuse, und Popencorken mit Spitzensparken. Der Machine is Diggen by Experten only. Is Nicht fur Gerverken by das Dummkopfen. Das Rubbernecken Sightseenen Keepen das Cottonpicken Hands in das Pockets. So Relaxen und Wachen das Blinkenlights."

'S'all righ'.

Washington Comment

By RAY CROMLEY
WASHINGTON — (NEA) — The success of President Johnson's strategy for Latin America hinges on an important degree on his talks with Mexico's President Adolfo Lopez Mateos.

The two men met at Palm Springs and Los Angeles, Calif. February 21 and 22.

The Alliance for Progress has attempted to pressure social, economic and political changes in Latin America. It has failed.

Assistant Secretary of State Thomas Mann has developed a program for Johnson which would shift responsibility to the Latin nations themselves. They would assume the initiative, do their own enforcing.

To make a system like that work, there must be a Latin leader. That leader must be a relatively large, economically growing, stable Latin state. Johnson's advisers believe it should also be a country which is gradually putting into effect the social and economic reforms they believe essential to economic progress and social stability. (They hold this is the only way to stop the growth of Castro communism.) It should be a country where U. S. Alliance for Progress programs have succeeded.

Four Latin countries qualify for size — Argentina, Brazil, Chile and Mexico. Only Mexico meets all the criteria. That's why Johnson is using so much personal persuasion in getting Mexico to assume leadership. Mateos can exert great influence in having Mexico accept this challenge, even though his term as president ends this year.

Mexico, under Mateos, is one country where the Alliance for Progress and other U. S. private and government programs have done well of late.

Many U. S. companies have invested in local concerns. Firms such as Sears, Roebuck have taken a strong lead in the development of a wide group of Mexican-owned industries.

Ask The Dentist

When Plates Are Fitted By DR. STEPHEN SHEFFREY And The Michigan State Dental Association

Q—I have to have all my teeth out and plates made. Should I have the plates put in the same day my teeth are pulled or should I wait till the gums heal? I get so much advice pro and con from friends that I'm confused.

ANSWER: Individual cases differ so much that your final decision should be based on your dentist's recommendation. There are several factors to be considered. One is the number and location of your remaining teeth. The job is less complicated and discomfort and adjustments afterward are less if you have fewer teeth and large areas where the gums are already healed.

If you have many back teeth, the usual procedure is to have all teeth removed except the six upper front teeth, so the gums can heal and shrink until they provide a good comfortable base for your denture. This may entail a healing period of several weeks before the last six teeth are removed and the denture inserted.

In some cases, the lower front teeth also are left in until "denture day," but the lower denture, which usually is as

Chinchilla breeding is a growing industry in these parts. M. A. Trams of Escanaba, secretary of the Michigan branch of the American Chinchilla Breeders Assn., estimates that about 250 prime pelts from these valuable little fur bearing animals will go to market from Upper Michigan this spring.

Rock youngsters have organized an accordion band. In the organization are Gary Johnson, Ted Weldum, Carroll Kiiskinen, Joyce Aalto, Lorraine Gerou, Charmaine Gerou, Ronald Weidum and Linnea Johnson.

Mrs. Rose Martin of 1312 Fourth Ave. S., is being featured in today's Daily Press in connection with her hobby of rug making. An old coat that had been kept for sentimental reasons, was finally converted by her into a braided rug. The rug won the grand championship at the State Fair in Detroit last fall and Mrs. Martin has been busy making rugs ever since.

Twenty Years Ago
Andy P. Olafson, president of the Stonington Bridge Authority, states in an exclusive interview that the Scandinavians of the Old Country missed sending our lute-fisk last Christmas because of the war blockade.

Delta county has gone over the top in its Fourth War Loan Drive by purchasing \$1,465,948.25 worth of war bonds. This is \$147,948.25 in excess of the quota fixed. Charles Hammar has been head of the drive committee.

S/Sgt. Francis T. Pepin is missing in action, according to word received here from the War Department by his parents, Mr. and Mrs. John Pepin of 826 N. 19th St.

Thirty Years Ago
The first annual banquet of the Wolverine Conservation Assn., will be held at the Ludington Hotel early in March. Director Hogarth of the Michigan Conservation Department will be the principal speaker.

Ira Martin, a resident of Manistique for more than 40 years, died at his home there last evening. He was 69 years old.

Ben F. Sparks has been appointed Upper Peninsula highway engineer with headquarters in Escanaba.

Arthritis Afflicts Over Half Million Michiganders

One of mankind's oldest diseases, arthritis now afflicts more than 12 million Americans, an all-time high, reports the Michigan chapter of the Arthritis and Rheumatism Foundation. An estimated 528,000 of the nation's arthritics live in Michigan.

Arthritis has nearly 100 different forms. One of the most common is osteoarthritis, a joint disorder causing untold aches and stiffness in the older age groups. By far the most painful and destructive type is rheumatoid arthritis, the nation's number one crippler.

Between them, osteoarthritis and rheumatoid arthritis will claim an estimated 175,000 new victims in this country during the next year. Helping these arthritics sufferers to continue to lead active lives may depend largely on getting medical treatment and getting it early, advises Dr. James J. Lightbody, medical director of the Michigan ARF.

"With rheumatoid arthritis, progress of the disease can be held in check and serious deformities prevented in a majority of cases," states Dr. Lightbody. "However, with all types of arthritis, importance of early diagnosis cannot be overemphasized."

Warning signs of possible arthritis are:

1. Persistent pain and stiffness upon arising.
2. Pain or tenderness in at least one joint.
3. Swelling in at least one joint.
4. Recurrence of the symptoms involving more than one joint.

If any of these danger signs occur, "see your doctor and see him soon," cautions the ARF.

Rheumatoid arthritis usually starts in one joint, commonly the small joints of the hands or feet, knees, ankles, elbows and wrists. Sometimes, slight joint swellings that come and go over a period of years are the first sign. Then the disease may burst forth to stay, for months or many years, affecting one or two joints or, as is the usual case, many joints in different parts of the body.

According to Dr. Lightbody, this type of arthritis is a chronic inflammation of the connective tissue of joints and their sheaths which bind muscles and other tissues together. The tissue lining the joint cavities seems to be affected particularly, and the gristle becomes diseased and may be destroyed. Bony growths sometimes occur on joints and nearby tissues, causing more stiffness and pain on movement.

But rheumatoid arthritis is not just a disease of joints, points out Dr. Lightbody. It is a general or systemic illness which may involve the heart, nerves, muscles and other tissues.

Treatment is usually a long-term proposition of individualized care, using drugs, rest, heat, exercise and other specialized methods.

Osteoarthritis, on the other hand, is not a general illness. It is usually far less severe than rheumatoid arthritis. Resulting mostly from aging and wear on joints, osteoarthritis begins with a slight soreness or stiffness in fingertips, knees, shoulders or vertebrae. Exercise and movement make the stiffness worse.

Chances of developing this form of arthritis are increased by occupations that overwork certain joints, overweight, bad posture and bad habits of movement. Congenital defects, injuries or earlier bouts with rheumatoid arthritis also increase susceptibility to osteoarthritis.

Potatoes Need Soft Handling

The sign in the potato patch should read "handle with care!" Recent research shows that potatoes, in order to remain in top condition from field to table, must be handled almost as gently as eggs. That's because machines and a faster moving potato industry have changed handling procedures.

Michigan growers used to dig potatoes and then leave them on the ground. This gave the spuds a chance to "toughen" and became less susceptible to bruising, breaking and other damage. Mechanical handling has eliminated this "field curing" and potato damage is becoming more of a problem.

Three Michigan State University scientists have found that (1) potatoes are more easily damaged at harvest time and (2) dropping and bumping potatoes can cause "black heart"—a dark spot in the center of the potato which cannot be detected during grading and sorting.

Prior to recent tests, "black heart" was believed to have been caused by environmental conditions. Now, however, MSU researchers point out that these dark spots which may ruin a potato can sometimes be caused by bruising and bruising on the outside of the potato which ruptures tissues on the inside.

The scientists conclude that potato growers have to be very careful during the handling process, at least until the potatoes are put into storage. Tests show that a potato can withstand 30 to 80 per cent more jostling around after one month of storage than at harvest time.

Letters To The Press

Contributions are welcome. They must be limited to 350 words, and signed with the name, address and phone number of the writer, but the name will be withheld on request.

The Senate is approaching or already engaged in a filibuster on the Civil Rights bill, a bill that seeks to extend to the nation protections already on the books in Michigan.

The filibuster is a device whereby a minority can thwart the will of the majority by talking a measure to death. A filibuster can't happen in the House because that body has strict rules limiting debate.

But in the Senate, a filibuster can be broken in only two ways:

1. By a two-thirds vote of the Senate (this is called 'cloture').
2. By wearing down the filibusterers until they are no longer able to speak.

In previous civil rights filibusters, a coalition of Southern Democrats and conservative Republicans has made the first course impossible.

Although I hope cloture might prevail, a filibuster can go on forever unless the 51 senators needed for a quorum stay close to the chamber, sleeping on cots and chairs. The question then becomes: Who wears out whom?

The Senate rule on debate, however, is only one of the many archaic regulations that govern Congress, slowing its work and making it often unresponsive to the will of the citizen majority.

Congressional reform, I have come to believe, is one of the most urgent national issues before us. This discussion has centered largely on the debate rules, but rules governing committees and other functions are equally in need of repair.

Only Congress' 535 members play by its inscrutable rules. But every citizen has a stake in the game.

Philip A. Hart
U. S. Senator

Delta Planning Michigan Week

The WBA will meet socially at the Mary Mark home on E Ave A Monday Feb. 24, at 8 p.m. This will be a **Benefit party for Bay Cliff.**

Pesticides was the discussion topic led by Marvin Ray at the Power Farm Bureau meeting held at the Louis DuBord home Monday evening. It was agreed that laws should regulate and govern the use of such pesticides and that those using them should read directions thoroughly and follow them to the letter. Loren Aderman reported on his trip as a delegate to the Farm Bureau conference in Lansing. The next meeting will be at the Loren Aderman home March 16. Lunch was served after the meeting by Mrs. DuBord.

The drug banks provide steroid type medication at lowest cost to those afflicted with kidney disease and through a registry of those receiving drugs compile adequate information about the incidence of kidney disease and the effectiveness of various drugs, Miss McConnell said.

The Michigan Kidney Disease Foundation is an agency of the United Fund. Anyone interested in information should write to the Michigan Kidney Disease Foundation, 116 N. Adams, Ypsilanti, Mich. Literature on kidney disease is available.

She had been held in the Nov. 6 slaying of Thayer M. Wilshire, 360, of Austin, Tex. Sewell Carleton Thurlow Jr., 24, of Albuquerque, N.M., was convicted Tuesday of murdering Wilshire. Authorities said investigation showed Miss Aymor was not involved in the slaying which occurred in Tonopah.

Faith for Our Time

And Jesus, walking by the sea of Galilee, saw two brethren, Simon called Peter, and Andrew his brother, casting a net into the sea: for they were fishers. And he saith unto them, Follow me, and I will make you fishers of men. And they straightway left their nets, and followed him . . . And Jesus went about all Galilee, teaching in their synagogues, and preached the gospel of the kingdom, and healing all manner of sickness and all manner of disease among the people.

Matthew 4:18-20, 23

What Christ is saying always, what he never swerves from saying, what he says a thousand times and in a thousand different ways, but always with a central unity of belief, is this: "I am my father's son, and you are my brothers."

—Thomas Wolfe

Counties Fight Abandonment Of Penn Road Line

LANSING (AP) — Atty. Gen. Frank Kelley and local officials vowed Wednesday to fight a Pennsylvania Railroad petition to abandon 223.6 miles of freight line running through 11 counties in Michigan.

The railroad asked the Interstate Commerce Commission Tuesday for authority to abandon the lines. Officials pleaded decreasing traffic on the railroad's Grand Rapids branch and possible discontinuance of the rail ferry that links the line to the Upper Peninsula.

The application also was signed by the Pennel Co., a Pennsylvania affiliate and one-third owner of the Mackinac Transportation Co. Mackinac Tran portation has asked the ICC for permission to discontinue the ferry operation.

Senators Appeal To ICC

Kelley called the move "shocking news" and "a body blow to Michigan's economy felt directly in 11 counties." He listed these as Kent, Montcalm, Mecosta, Osceola, Wexford, Grand Traverse, Kalkaska, Antrim, Otsego, Charlevoix and Emmet. "Almost all of the points eliminated are not served by any other railroad," Kelley said. "Indeed, one railroad would be left high and dry without any connections to another line—the Boyne City railroad from Boyne City to Boyne Falls."

Last month, Gov. George W. Romney asked the Economic Expansion Department and the State Public Service Commission to cooperate with Kelley in fighting the proposed abandonment.

Four state senators who have constituents in the affected area said Wednesday they also would seek to appear before the ICC. Sens. Thomas Schweiger, R-Petoskey; Kent Lundgren, R-Memphise; Phillip Rahoi, D-Iron Mountain; and Charles McManis, D-Houghton, and several other lawmakers of both houses expressed distress on hearing the news.

"We're not going to stand still for it," said Cliff Kimba, secretary-manager of the Kalkaska chamber.

Copper Range Included
Petoskey chamber manager Merle Lutz said the 15-county

Save the Rails steering committee, headquartered at Cheboygan, will intensify its fight to preserve rail service.

There also have been requests by the New York Central and Michigan Central railroads to halt their service between Gaylord and Mackinaw City. The Detroit & Mackinac Railroad has asked to abandon service between Rogers City and Cheboygan, Kelley said.

"The railroads have sipped at Michigan's economy too long for them to push themselves away and walk out now merely because the food is not as rich as it was before," Kelley said.

The State Public Service Commission said 125 miles of track has been abandoned by the New York Central, Pennsylvania, Chesapeake and Ohio and Copper Range railroads in Michigan during the past three years.

Kelley said three other abandonments are in the hopper. These include 10 miles of Copper Range Railroad from Lakeland to Calumet, 21 miles of Pennsylvania Railroad from Falmouth to Lake City, and eight miles of NYC Railroad from Clinton to Manchester.

PETITION GRANTED

LANSING (AP) — Abandonment of the New York Central Railroad Beeline service between Detroit and Bay City and return was authorized Wednesday by the State Public Service Commission.

The abandonment is scheduled to become effective March 19.

Sturgeon Shiverree

Michigan's largest fish, the mighty lake sturgeon, is the center of attention this week in Cheboygan-land, where the 3rd annual Sturgeon Shiverree is in progress. The weeklong fishing contest will be climaxed on Sunday, Feb. 25, with a full afternoon of activities on Black Lake and ending with the naming of the Sturgeon Shiverree King — the title going to the person who catches the largest sturgeon before 6 p. m. The contest opened Feb. 17 and all fish caught in Cheboygan County are eligible.

Farmers Fight Chattels Tax

L'ANSE — A delegation of farmers appeared before the Baraga County Board of Supervisors at this month's meeting to protest the adoption of personal property taxes on farm equipment and livestock scheduled to be assessed on the 1964 tax rolls.

The farmers were represented by Robert Godell of Watton, chairman of the Baraga County Soil Conservation District and an official of the local Farm Bureau, and Carlo Heikkinen, an Aura dairy farmer.

The farmers' argument was based on the small wage per hour realized by most farmers and their contention that the farmers already are over-taxed.

Raymond J. Tembreull, L'Anse Township supervisor and chairman of the county board, explained that legislation passed last year requires all township supervisors to set valuations strictly according to true cash value and further requires them to follow directions set forth in the new State Tax Assessor's Manual.

"We are obliged to assess on the basis of true cash value, rather than on ability to pay or a sliding income scale," he declared. "We have just spent \$33,000 on a complete tax study of the entire county, and the new valuations went on the books as of Jan. 1, 1964. If we are going to start right out by putting inequities back in that roll, we might as well throw the whole study and tax department out the window right now!"

Tembreull further explained that each township supervisor must "equalize" his valuations with those set by the state tax commission. In past years, this procedure has involved multiplying the local valuations by a "conversion factor" equal to the difference between the local figures and state equalized valuations. "This arrangement has resulted in all kinds of misunderstanding about millage rates and taxation," he told the group. "By bringing our local assessments up to the state equalized figures, one mill assessed on the rolls will cost the taxpayer \$1 per \$1,000 of local valuation, instead of anywhere from \$2.50 to nearly \$4 per mill as has been the case in the various townships."

Heikkinen questioned whether industries in the area are paying their proper share of personal property taxes. Tembreull noted that the Celotex Corp. and Upper Peninsula Power Co. plants in L'Anse are both on the tax books for almost 100 per cent of state equalized valuation, and added that Celotex alone paid nearly \$100,000 in property taxes here last year.

Doubletime Pay Is Demanded By Whirlpool Union

ST. JOSEPH (AP) — Double time pay for overtime work was one of new contract demands made upon Whirlpool Corp. Tuesday by Local 1918 of the International Association of Machinists AFL-CIO.

The union made the demand at the start of negotiations for a new contract. The company now pays time and a half for overtime work. Base pay at Whirlpool is \$3.01 hourly. Whirlpool makes home appliances.

The union also demanded a 10 cents an hour pay increase for each year of a two-year contract and a 35-hour work week. The work week is now 40 hours. The negotiations are for a contract to succeed an expiring contract.

Detroit Gets New Federal Building

WASHINGTON (AP) — The Federal General Services Administration has selected a site at Michigan and Cass in Detroit for a new \$33 million Federal office building. Sen. Pat McNamara, D-Mich., announced Tuesday.

The building will house 3,500 Detroit-area employees of the Defense and Veterans Departments and the Veterans Administration.

McNamara said money has been provided in the present GSA budget to hire architects and engineers to begin the building project. Plans call for the site to be purchased from the City of Detroit's Urban Renewal Administration for \$1,870,574.

LIKE THE GLOBE — DETROIT (AP) — Wayne State University's six-month salute to Shakespeare is being performed in a theater modeled on the Globe playhouse of 1603.

The experimental theater has been built in a structure formerly used as a Unitarian Church.

During the festival, the Wayne players are performing "Julius Caesar," "As You Like It," "Romeo and Juliet" and "Antony and Cleopatra."

Trout Netted

German brown trout, two to eight pounds in weight, were test netted by the Department of Conservation fisheries workers off the mouths of the Montreat and Black rivers in Gogebic County last October. These fine game fish, which resemble the Atlantic salmon, should be fished for in these waters when the season opens, the Department of Conservation advises. Baits used are an assortment of flies, streamers and flatfish.

County Chorus Names Officers

POWERS - SPALDING — The North Menominee County Community Chorus elected officers at its business meeting Monday evening.

They are: president, Mrs. Kathryn Fleetwood; vice president, Mrs. August Veese; secretary, Mrs. Walter Peterson; treasurer, Lloyd Fazer.

The Chorus set a nominal fee for yearly dues and the money will be used to purchase music.

Predators Down

Trappers took 2 coyotes, 5 bobcats and 11 foxes in Delta County in January, the Conservation Department reports. In Schoolcraft the count was 2 coyotes only. Menominee County reported 7 coyotes, one bobcat and 37 foxes.

It was announced that Powers-Spaulding Lions Club has accepted an invitation to perform with the Chorus in the spring show.

Being excessively cheerful when talking with someone ill is often as depressing as being pessimistic.

Named On Board

LANSING (AP) — Gov. George W. Romney Wednesday named Dr. A. B. Gwinn, a Hastings surgeon, and Mrs. Cornelia Broadbent of Lansing, to the advisory council to the Michigan Board of Nursing. Dr. Gwinn will represent the medical profession and Mrs. Broadbent, a pharmacist, will represent the public on the council.

Largest lake in the British Isles is in Antrim, a maritime county of northern Ireland.

"Don't mince words, Fannie. If you think it's stunning, say so!"

by Nadine Seltzer

"Sometimes I worry about her! She **LIKES** housecleaning!"

by Dick Turner

A cartoon illustration by Dick Turner. In the foreground, a man in a dark suit and tie sits on the edge of a bed, leaning forward and talking to a young boy in a nightgown who is sitting up in bed. A lamp is on a bedside table between them. In the background, a woman in a nightgown and a plaid skirt stands next to a dresser, looking towards the man and boy. On the wall above the bed hangs a pennant that says "STATE". The cartoon is signed "Dick Turner" in the bottom left corner.

"If you're a real doctor, how come you don't pause for a commercial once in a while?"

Michigan State News Picketed

EAST LANSING (AP) — Members of the National Association for the Advancement of Colored People NAACP and the Student Non-violent Coordinating Committee (SNCC) Wednesday picketed the State News - a student newspaper at Michigan State University - and a girl reporter.

The two groups objected to a personality sketch and editorial on Alabama Gov. George Wallace by Jackie Korona, a senior from Framingham, Mass., and a State News reporter.

The story on Wallace "tried to portray him as a person - rather than the monster he's always presented as," Miss Korona said.

The State News ran an editorial trying to explain further that Miss Korona felt Wallace, an ardent segregationist, held many of his beliefs as a result of environment.

"It was not in any way a condoning of his actions or his beliefs - or support from the newspaper or me," she said. "I explained that in the circumstances in which I interviewed him, he was a gentleman," the coed added.

She spotted Wallace in a Chicago hotel last weekend while she was attending a convention there, sought an interview and got it. Wallace was in Chicago to speak at Loyola University - a talk that was later canceled by the university administration.

About 30 pickets marched in front of the State News offices, protesting what they called State News support of Wallace. They carried signs which read: "Hitler was a gentleman too," "The State News must go," "Gov. Wallace must go," "Jackie must go."

Sisters Marry Brothers, Now Both Have Sons

SALT LAKE CITY (AP) — Two sisters, who married brothers, have kept the pattern of coincidence alive. They both gave birth to sons Wednesday at a suburban Salt Lake City hospital.

Mrs. Gerald Zimmerman's son was born in the afternoon. Nine hours later, a son was born to Mrs. Stephen Zimmerman.

Driver Ticketed; Runs Up His Bill

ANN ARBOR (AP) — George Overstreet Jr., 35, of Ann Arbor, may rue the day he got angry about a \$5 police ticket for going through a red traffic light.

Two policemen gave Overstreet the ticket for going through a stop light at 2 a.m. Wednesday, and said not more than 10 minutes later they saw his car fail to halt at two stop signs and then run through 3 stop lights on the University of Michigan campus.

When they asked why, the policemen said Overstreet replied: "The first ticket made me mad."

Overstreet was hauled in and booked on a reckless driving charge. The going - rate for reckless driving in Ann Arbor is \$50 plus jail - time in aggravated cases.

IT DIDN'T GET AWAY

ORLANDO, Fla. (P) — An eight-year-old boy, Robert Johns, had beginner's luck when he went out to fish with a new pole and a rubber worm. He landed a five-pound bass with some help from his friend, Stevie Calkins. The unexpected strength of the fish almost pulled in the 4 foot-3 inch fisherman.

TIZZY by Kate Osann

"Why should I ever learn to cook? By the time I'm married, there'll be instant everything!"

Michigan Ranks 4th In Shortage Of School Rooms

DETROIT (AP) — Michigan ranks fourth nationally with a shortage of 6,450 secondary and elementary school classrooms according to a U. S. Office of Education survey released Wednesday.

The report is based on classroom needs as of September, 1963, on an "ideal" standard of 30 elementary and 25 secondary pupils to a room. Needs include 2,333 classrooms to accommodate excess enrollment and 4,117 to replace unsatisfactory facilities.

The report said increasing enrollment is expected to offset 3,072 new classrooms scheduled for completion this year. Three other states—New York (14,569), Pennsylvania (7,190) and Illinois (7,973) — reported classroom shortages higher than those in Michigan.

Formosa Tests Birth Control

By ROY ESSOYAN Associated Press Writer

TAICHUNG, Formosa (AP)—A simple birth control device that weighs less than a feather is popular in this provincial capital.

It's part of a combined American-Chinese research project that has turned Taichung into a pilot plant for population control.

The project has been so successful it will be extended to other parts of this island nation. U. S. population experts hope this example will be followed by nations unable to feed their populations.

No One Hungry

The government on Formosa does not have to worry as yet about feeding its 12 million people. Its American-supported economy is prospering and practically no one is hungry.

Population experts here say the main reasons for the popularity of the new birth control device are its economy, simplicity and effectiveness.

It is sold for the equivalent of 75 cents and dispensed free to those who cannot afford that sum. Doctors say that, once inserted, it can be forgotten for as long as a year. Out of a cross-section of some 4,000 Taichung housewives who tested the device last year, only eight became pregnant, the doctors report.

The device is made of plastic and comes in two shapes. A recent shipment of 2,000 weighed less than two pounds. The coils and loops are produced in two plastic factories in Rochester and Mount Sinai, N.Y.

People Respond

The center which pioneered the project here is sponsored by the Provincial Health Department, the University of Michigan Population Studies and the Population Council of New York which provided a two-year \$60,000 grant.

The project is being promoted by posters and pamphlets, home visits, letter campaigns and promotional films.

"The people of Taichung have responded with remarkable enthusiasm," says John Y. Takeshita of San Mateo, Calif., a research associate of the Michigan Center and associate director of the research operation here. "The need was obviously here. Our surveys showed most parents in Taichung wanted no more than three or four children, which is a drastic drop from past figures."

"Most Chinese families want two sons to carry on their name. In the old days, when the death rate was much higher, they had to have eight or nine children to make sure at least two sons survived. Now they don't need that many."

Rapid River

RAPID RIVER — Ray La-Bombard, president of the Men's Fellowship at the Congregational Church was pleased with the attendance at the monthly meeting. The yearly program was planned which will provide many active affairs for the church. The meeting time of the Fellowship was changed to the first Sunday of the month. This date will coincide with the church's family potluck night. The next combined meeting will be Sunday, March 1. Bob Olson was in charge of the lunch.

CONVINCING FIGURES

YELLOWSTONE NATIONAL PARK, Wyo. (AP)—Need proof that the cost of living is going up?

The National Park Service spent \$30,000 this fall to tear down an old reinforced concrete bridge across the Yellowstone River in Yellowstone National Park.

It had cost only \$21,000 to build the bridge in 1903.

END OF ERA—Indiana's State Department of Education is closing all one-room schools by the end of the 1964 school year. Vincennes University, Vincennes, Ind., has erected this one-roomer on its campus for future generations of Hoosiers to visit. This ancient log cabin was enclosed within a barn for many years so its poplar logs are in a near perfect state of preservation. The interior will be restored to the style of the early century.

Families Stay In South Viet Nam

WASHINGTON (AP) — Families of U. S. personnel in South Viet Nam are being permitted to return home in the face of stepped-up communist terrorism.

But U. S. officials have no plans at present to order home the 1,339 American wives and children still in the embattled Southeast Asian country. Dependents are still being allowed to accompany personnel newly assigned to South Viet Nam.

So far, only a few American dependents there have asked to be sent home.

There are indications, however, that the possibility of evacuating dependents is under consideration. In the past three weeks, 6 Americans have been killed and 85 wounded in the terrorist drive.

Present opinion here is op-

College Moves 'Kissing Rock'

CARTHAGE, Ill. (AP)—Kissing Rock, a romantic landmark of the Carthage College campus for a half century, will be moved to Kenosha, Wis., along with the rest of the college.

The college will be relocated in the summer. Members of Beta Phi Epsilon fraternity have volunteered to truck the two-ton piece of granite to the new campus.

The stone was placed on the Carthage campus by the class of 1913. The Carthage tradition is that any male student finding a girl sitting on the rock is entitled to a kiss.

posed to any all-out evacuation. "There are no plans to bring dependents of U.S. military personnel back from South Viet Nam at this time," the Defense Department said today. "There are no plans to forbid travel of dependents to South Viet Nam."

A similar view was expressed by State Department sources.

Famed Strings Here March 1

The Clebanoff Strings, headline attraction of this season for the Delta County Community Concert Association, will be heard at William W. Oliver Memorial Auditorium at 3 p. m., Sunday, March 1.

Not only may present members of the Concert Association attend the concert by the famed recording, TV and concert group, but it is being offered as a bonus attraction to anyone declaring their intention of becoming a new subscriber for the next fall and winter series.

The Association plans its membership campaign in early May and will offer in next year's program two outstanding groups already selected by the Concert Association board. They are the DeCormier Folk Singers, consisting of 12 vocalists, three instrumentalists formerly known as the Belafonte Singers; and the Paganini String Quartet.

Founded by Herman Clebanoff in Chicago in 1957, the Clebanoff Strings group was received immediately with enthusiasm. The first tour of the orchestra was such a success that the ensemble has been re-engaged in cities throughout the country. Consisting of 15 strings, piano, accordion, percussion and harp, the group has been featured on network TV and is well known for its 14 hit record albums.

Claudia Cassidy, of the Chicago Tribune wrote, "The Clebanoff Strings have the spark that makes people want to listen," and the Chicago Daily News said of them, "As fine a string orchestra as can be heard these days."

The concert will depart the series' usual evening presentation and be offered as a matinee.

Creel Census

Creel census for lake trout taken in Keweenaw Bay of Lake Superior near L'Anse and Baraga has been started and will continue until the ice breaks up. Information on the marked trout taken will offer fisheries workers information that will assist in the rehabilitation of lake trout in the Great Lakes, according to James Scully, regional fisheries supervisor, Department of Conservation, Marquette.

ONE OF THESE attractive Northern Michigan University coeds will be selected as the university's 1964 sweetheart. From left: Jean Williamson, Pittsburgh, junior; Diane Person, Kingsford junior; Karen Metz, Marquette senior; Mary Laing, Marquette junior; Susan Kamensky, Dearborn junior; and Rae Warner, Negaunee junior. Northern's sweetheart will be hostess to the Michigan Collegiate Snow Queen candidates during the seventh annual All-Events Weekend Feb. 24-29. (NMU Photo)

Norway Area To Vote On School Merger March 2

On Monday, March 2, voters of four school districts in southeast Dickinson County and part of Menominee County will vote on a proposition of consolidation.

Districts involved in this election are Faithorn Township, in western Menominee County, and three districts, Wauedah Township, Norway Township and the City of Norway, in the southeast part of Dickinson County.

The election is for the consolidation of the districts. It does include any other issue although the joint boards have recommended that an extra voted millage be placed before the people shortly after consolidation takes place if the vote is successful.

In September, 1962 the four boards of education involved in the consolidation project in-

ited Northern Michigan University to conduct a school area study. The final report was submitted to the four boards on July 1, 1963 by J. Willis Owen, project coordinator. The "Southeast Dickinson County School Area Study" recommended reorganization of the districts involved.

Some 70 citizens from the four areas were directly involved in the study as well as a team of consultants from Northern Michigan University. Walter O. Brissom, LoDal, Inc., served as general chairman of the group.

In the fall of 1963 the joint boards appointed a campaign committee under the direction of Brissom to bring before the people the results of the study and to act as a clearing house for information needed by the areas. The election date was

Moldy Currency Of Bank Holdup Found In Brush

WRAY, Colo. (AP) — Under-sheriff Harold Williams found \$10,000 or more in cash Tuesday, apparently part of \$22,864 taken in a bank holdup at Ender, Neb.

Stacks of moldy currency were found in sagebrush 18 miles north of Wray in northeastern Colorado. The location was pinpointed in questioning of two men sentenced in the case.

set for March 2, 1964 following approval of the proposed consolidation by the Superintendent of Public Instruction.

Voting places will be open from 7 a. m. to 8 p. m. in the Faithorn School, Wauedah Township Hall, Norway Township Hall, and the City Hall in Norway. To be successful, the proposition must pass in each of the districts. Faithorn and Wauedah will vote as a single district.

THIS COUPON EXPIRES MAY 31, 1964

Women's Activities

Isabella Circle Meeting Monday

Regular business meeting for Daughters of Isabella Trinity Circle 362, will be held Monday, Feb. 24, at 8 p. m. at Teamsters Hall. Mrs. Mose Martin is chairman, assisted by Mesdames Harry Jamar, Henry Beaumier, Joseph Bellin, Marcial Sorensen, Zella Blake, Med Beaudoin, Romeo Beauchamp, and Mayme Moreau.

Next business meeting will be March 9 with Mrs. William Allingham as chairman. Members are urged to keep in mind the Corporate Communion at St. Joseph Church Sunday, March 22, at the 8 a. m. Mass.

Social-Club

WCSA Rummage Sale
Central Methodist Church W. S. C. S. is holding a rummage sale in the church basement, Friday Feb. 21, beginning at 9 a. m. Members are reminded to take the articles for the sale to the church this evening.

If you have more money than time, you may find it helpful to buy cheddar cheese already grated.

Judy Christenson, Hermansville, Bride

In a double ring ceremony at Immanuel Lutheran Church, Sebawaing, Mich. Sunday, Feb. 9, Judy Christenson, daughter of Mr. and Mrs. Francis Christenson, Hermansville, became the bride of Floyd L. Engelhardt, Sebawaing.

The Rev. G. H. Light solemnized the 7 p. m. service before an altar decorated with white flowers and candelabra holding white tapers. Ucles of the bridegroom, Adolph Schmidt of Centerline, and Lawrence Peoples, Bay City, were organist and soloist.

In the wedding party were Mrs. Victor Engelhardt, matron of honor, Charlene Graves, Stephenson, a college roommate of the bride, bridesmaid, and Marilyn Christenson, a sister, junior bridesmaid, Victor Engelhardt, best man for his brother, Donald Bolstetter, groomsmen, Robert Christenson, junior groomsmen, Larry Heine, Grand Rapids, a fraternity brother, who with Robert Pangman, ushered and Julie Engelhardt and Joel Schmidt who served as flower girl and ring bearer.

The bride's floor length gown of nylon chiffon over satin was styled with a scoop neckline and long sleeves. Her waist length veil was caught to a pearl crown. A cluster of white carnations and pink rosebuds with ivy was on the cover of the white prayer book she carried.

Her attendants' frocks of teal blue satin were made with scoop necklines, elbow length sleeves, and street length bell skirts. Their bouquets were carnations.

Both mothers wore orchid corsages with their blue ensembles.

The reception was held in the church social rooms immediately following the ceremony.

The newlyweds will live in San Francisco where Ensign Engelhardt is stationed at present. The bride is a senior at Michigan State University and the bridegroom is a 1963 graduate of the same school.

It's best not to wash grapes before they are used, but do store them (in one layer) in the refrigerator.

Mrs. Floyd Engelhardt

Extension Clubs Get Meat Lesson From Specialist

Miss Mary Zehner, a consumer - marketing specialist from Michigan State University, conducted a very informative home extension lesson, "Your Money's Worth In Meat", at the Delta County Building Wednesday. County Home Extension Club members and interested homemakers were present for the class.

The club members will relay what they have learned to their individual clubs.

Lack Conference
"What most homemakers lack today in buying is confidence," Miss Zehner began. "With more study on the subject they could become thrifter and wiser in selections."

Wednesday's study dealt mainly with food and primarily with meat. Phases of the lesson included: a study in the changes in our eating habits; the meat dollar; getting the meat to market; and what is available in markets.

To give an idea how important the food budget is, in 1963, consumers spent 19 per cent of their income after taxes on food. Of this percentage 26 per cent went for meat.

Since certain meats are more popular than others in different regions and nationalities and family preferences have a big part to play in the selection of meats it is hard to determine the most popular meat. In the north central area more beef is consumed than pork, next in popularity is pork, followed by veal and lamb.

Of the beef eaten, 30 per cent is ground. It is important to note that ground beef is not the same product as hamburger. Ground beef is 20 per cent or less fat, with the rest lean, while hamburger is 20-30 per cent fat.

Less Per Serving
Ground beef is a wise choice in meats because of the cost per serving. In selecting, consider the cost per serving rather than the price per pound. From a boneless meat such as round steak or ground beef, three or four servings can be obtained per pound. Quite the contrary with bony meat like spareribs, when a pound of meat only yields one or two servings.

Meat "specials" are a very common occurrence in stores. Since meat is very perishable, it must be sold within days or it will deteriorate. If a particular cut of meat is slow one week it must be put on special to assure that it sold while still fresh.

There are other reasons for specials . . . such as the effect of the season. For example, the less tender cuts are usually big specials in the summer. Naturally women would like to get away from meats that have to be cooked longer in the summer. During the warm days they prefer outdoor cooking. In the winter more steaks are on special because women don't mind doing the cooking during the cold months.

There are specials in stores when a particular item has to move, either because it's a slow season or perhaps a large supply of a particular cut was purchased to be put on special.

"It's a good idea to check your daily newspaper to find out what the specials are," Miss Zehner said.

Births

MCDERMOTT — Mr. and Mrs. Thomas P. McDermott, 113 S. 23rd St., are the parents of a daughter, Kathryn Ann, weighing 6 pounds and 4 ounces, born at St. Francis Hospital Feb. 19 at 2:24 p. m. The baby is the third child in the family. Mrs. McDermott was Beatrice Nebel.

Add malt vinegar with discrimination because its full-bodied flavor may overshadow that of the food.

Richard Rinehart Is Women's Club Speaker

An interesting and informative talk on Bay de Noc Community College was given by its president, Richard Rinehart, at Wednesday afternoon's meeting of the Escanaba Woman's Club, held in the Chamber of Commerce Building.

Mr. Rinehart described the functions of the new college and stressed the fact that people of the community have done much toward insuring the success of the school as well as stimulating interest in cultural advancement.

It is the intention of the board of trustees and the faculty, he said, to obtain well known speakers, musical talent and to reactivate the Little Theatre movement under the able direction of John Romstad. He also emphasized the importance

of the art classes which have capacity enrollment, of the wealth of natural talent in the community, and of the vital need of a book store in Escanaba.

He stated that the college will continue to be enlarged and enrollment of full and part time students is 600.

At the close of his talk, Mrs. John Gries, chairman of the Education Committee, presented him with a club scholarship to be awarded a deserving student.

The speaker was introduced by Mrs. Richard Pryal, program chairman.

Mrs. Delia Peterson of Delta Nursing Home spoke of the need of interest in residents at the home. She related that all are over 65, most of them in their 80's and 90's with no folks of their own left, and told of their happiness at seeing people and visiting with them. Mrs. James Fitzharris, Gerontology committee chairman, reported that members of the Women's Club go to the home once a month with a birthday cake and hold a social honoring those birthdays occurring in that particular month. She also showed colored slides of activities of residents of the home.

It was announced that proceeds of the card party April 4 at the Sherman Hotel will be used for gerontology projects.

Mrs. Jean Cote, club president, enumerated the further needs of the new Drop-In Center.

An attractive tea, with decor in Washington Day colors and motifs, followed the business session and program. Mrs. Walter Bacon was chairman of hostesses.

Births

MICHAUD—A son, Jeffrey George, is the first child of Mr. and Mrs. Gerald E. Michaud, Bark River. The infant, born today, Feb. 20, at 9:55 a. m. at St. Francis Hospital, weighed 8 pounds and 4 ounces. Mrs. Michaud is the former JoAnn Francois.

Note to new cooks: when a recipe directs you to scald milk heat the milk until tiny bubbles appear around the edge. At this sign the milk should be just below the boiling point.

FLOWERS

Say Anything . . . So Eloquently

- Thank You to a Hostess
- Happy Birthday
- Happy Anniversary
- "I Love You" . . . any time
- Sorry You're Ill

ESCANABA AND MANISTIQUE

In This Corner

Sonny Liston, world heavyweight champion, has knocked out 13 of his last 14 ring opponents. He'll defend his crown Tuesday night at Convention Hall in Miami Beach, Fla., against young Cassius Clay. We look for Liston to add Clay to his impressive knockout list along about the fourth round.

Liston enters the second defense of his championship with obvious credentials. He's listed at 212 pounds, 6 feet 1 inch and with an 84 inch reach. His record since turning professional in equally impressive. The "Big Bear" has had 36 bouts since Sept. 2, 1953, winning 35 and scoring 25 knockouts in the process. His only setback came in his second year as a professional when he lost an eight round decision to Marty Marshall in Detroit on Sept. 7, 1954. Liston gained revenge by stopping Marshall in six rounds in a rematch eight months later.

Liston's main problem has been lack of action. He has had only four fights in the last three years and has gone less than six rounds in those bouts, knocking out Howard King in three rounds, Albert Westphal in one, Floyd Patterson in one to capture the heavyweight plum and Patterson again in one in his first defense of the title.

The native of Pine Bluff, Ark., (born May 8, 1934) has knocked out every man he faced in the last five years with the exception of Eddie Machen who had his bicycle well oiled for their bout on Sept. 7, 1960, in Seattle. Machen back-pedaled for 12 rounds to go the distance.

Liston's list of ring victims is dotted with the names of fighters who have been regarded as among the best of the current crop of heavies. He has knocked out Zora Folley, Cleveland Williams, Roy Harris, Nino Valdes, Mike DeJohn, Julio Mederos, Wayne Bethea and Willi Besmanoff, in addition to a dozen other unknowns.

Clay, the Louisville Lip, will take an undefeated professional record into the title bout. He turned pro in 1960 after winning the National AAU light heavyweight and the National Golden Gloves and Olympic Games heavyweight crowns. In four years he has had 19 bouts, winning all of them and picking up 15 knockouts along the way. He has stopped 10 of his last 11 foes. Doug Jones broke the string by going 10 in Madison Square Garden last March.

The biggest name among Clay's victims is Archie Moore, who went in four at Los Angeles Nov. 15, 1962. Some of the other fighters who have tasted defeat at Clay's hands are Henry Cooper, Charlie Powell, Alex Miteff and Besmanoff.

Clay does not carry Liston's dynamic proportions physically but he's by no means a sickly figure. The 21 year old challenger (born Jan. 17, 1942) is listed at 6-2 1/2, 208 pounds with a 79 inch reach.

The title bout, which will be seen by more people than any other fight in history, will be carried over Delta Cable TV in Escanaba.

All-Star Champ Replaces Nagy In Exhibition

Bob Strampe, 1964 All-Star champion from Detroit, will replace Steve Nagy in the exhibition bowling performance to be presented Saturday, Feb. 22, at 2 and 7 p. m. at the Holiday Bowl.

Nagy, member of bowling's Hall of Fame, was unable to fill his contract here because of illness, it was announced by Marvin Pouliot, Holiday proprietor.

Strampe will bowl against local keggers and will offer tips and suggestions to produce better scores.

Enroute to his triumph in the 1964 All-Star, Strampe set a new record for a three game series in the championship finals. His 257, 255 and 203 games for a 715 total broke Dick Weber's mark of 642 set in 1963.

Strampe first entered the

champion's circle while a member of U. S. Air Force. In 1955 he bowled on the World Wide Air Force team and won the All-Orient Bowling Tournament in Japan.

He shared in the 1957 Minnesota State Doubles crown and captured the 1958 St. Paul Classic with a four game series of 909, including a perfect "300".

During the 1959-60 bowling season Strampe continued his winning ways in tournament events and as a Detroit league bowler. He was named "Rookie of the Year" by the Detroit Bowling Association.

The 1960-61 season was started with a fourth place finish in the World's Invitational and runner-up position in the Detroit Motorbowl Tournament.

Warriors Get Valuable Help From Pistons

By The Associated Press

San Francisco's championship minded Warriors are receiving valuable aid from a couple of highly unexpected sources.

The Warriors have moved further ahead of their two Western Division challengers the past two nights, thanks to the National Basketball Association's cellar teams—New York and Detroit. San Francisco now leads second-place St. Louis by two games and third-place Los Angeles by 5 1/2 games.

The Warriors stopped Cincinnati's 12-game winning streak 108-101 Wednesday night while last-place New York of the Eastern Division outscored St. Louis 120-114 and last-place Detroit of the West edged Los Angeles 116-115.

New York sneaked by Los Angeles Tuesday night 118-117. In the other NBA game Wednesday night Philadelphia whipped Baltimore 130-122.

San Francisco used an unusual defensive maneuver in halting the league's longest winning streak of the season Wayne Hightower, who normally plays up front, guarded Oscar Robertson, a backcourt man.

Robertson still scored 29 points, not a bad night even for the Royals' ace, but the move seemed to bother Cincinnati's offense at the start.

Nevertheless, the Royals recovered sufficiently in time to take a 59-57 halftime lead. Hightower, however, sparked a third-quarter spurt that put San Francisco ahead to stay. Hightower finished with 29 points while Wilt Chamberlain had 32.

New York, winning its second straight after nine consecutive losses, overcame a 15-point deficit and whipped the Hawks. A 12-point spurge in three minutes during the third period brought New York to within two points 84-82.

Finally, with 5:41 left in the game, Len Chappell sank a long jump shot, putting the Knicks ahead to stay.

Bailey Howell's tip-in with 14 seconds remaining kept Detroit from getting a team record for losses in one season and knocked Los Angeles back another notch.

Howell's shot wiped out a Lakers' rally that brought them from a 96-86 disadvantage early in the final period to a one-point lead with 29 seconds left.

Philadelphia, paced by Chet Walker's 29 points, had little trouble with Baltimore. The 76ers scored 16 of the game's first 19 points, then rolled to a 69-54 halftime lead. Philadelphia scored 39 of its points in the opening quarter.

Nahma Wins 15th Groleau Snaps Negaunee Gym Scoring Mark

NEGAUNEE — Pat Groleau, one of the greatest basketball scoring machines ever assembled in the Upper Peninsula, put on a record shattering performance here Wednesday night while leading the Nahma Arrows to a 73-60 triumph over Champion.

Groleau, a 6 foot 5 inch senior center, smashed the all-time Negaunee Memorial gymnasium single game scoring record by hammering the hoop with 18 field goals and 10 free throws for 46 points.

The premier point producer in the Peninsula played the huge Memorial court as though it was his own back yard, driving, tipping, hooking and hitting with his deadly outside jumper to completely dominate the game.

The former gym record of 41 points was set by the great Mel Peterson of Stephenson in 1956.

Groleau scored 66 per cent of his shots from the field, connecting on 18 of 27. He was equally accurate from the foul line, converting 10 of 13 chances. He accumulated his record total on 12 points in the first period, nine in the second, 10 in the third and 15 in the fourth.

Coach Owen Peterson's Arrows needed all of Groleau's points as they sputtered for three quarters against the smooth - operating Indians, coached by former Escanaba star Fred Boddy. The teams were locked in a nip-and-tuck tussle until midway in the fourth period when the Arrows

surged ahead to stay. Groleau pumped in seven free throws to go with four field goals in the stretch drive.

Nahma used the free throw line as a springboard to its 15th victory in 16 starts. Both teams hit on 28 field goals but the Arrows cashed in on 17 of 24 shots from the line while Champion converted four of nine. The Arrows had 11 personal fouls in the game, but three of them were offensive miscues for which the Indians did not get free throw opportunities.

Don Johnson gave Groleau a big scoring assist with 15 points, hitting the target on six of 13 shots from the field.

Groleau swept the boards with 26 rebounds while Bill Labadie came up with nine when the big boy was pulled away from the bucket.

As a team, Nahma shot 48 per cent by scoring on 28 of 58 shots while Champion tallied 28 of 72 for 38 per cent.

Senior Wayne Wiljanen led three Indians in double figures with 17 points. Sophomore John Danielson came through with 16 points and was Champion's top rebounder with 12.

Groleau's season scoring total is now 541 points in 16 games for an average of 34 per shot.

Box score:

Piston Cager Switches Sport

TOLEDO, Ohio (AP) — Sidelined Detroit Pistons basketball star Dave DeBusschere has received permission from team owner Fred Zollner to join the Chicago White Sox in spring training.

The 6-foot-5 forward-guard, who has been out most of the National Basketball Association season with a broken leg, is expected to report to the Chicago early season training camp next Wednesday at Sarasota, Fla.

Zollner made the announcement Wednesday night after meeting briefly with DeBusschere in Toledo.

"Team physician Dr. Raymond Forsyth has indicated it will take two or three weeks for DeBusschere to completely recover from his leg injury," said Zollner. "By that time the season would be over."

The Pistons regular season ends March 18.

DeBusschere, who has continued to play both professional basketball and baseball despite Sox manager Al Lopez' admonitions that the overlapping seasons might hurt the big right-hander's chances of gaining a starting assignment in the Chicago pitching rotation, indicated he would return to the Pistons next season.

"My thinking right now is to continue with pro basketball," said DeBusschere. "This might change if I have a good (baseball) season."

Zollner said DeBusschere's early leave was granted with "complete compensation" for the 1963-64 NBA season.

The big forward broke a leg against Philadelphia in an NBA game at Detroit on Nov. 6. He returned to the lineup in January but aggravated the injury and has been sidelined ever since.

Calvin's victory over Hope kept them one game ahead of Alma in the MIAA race. Calvin has a 9-1 record. Alma is 8-2. Jim VanEerden's 23 points paced Calvin which held a 44-36 halftime edge. Hope got 16 points from Clare VanWieren.

Hillsdale coach Rod Halstad went back to the fast break, an offense he hasn't used since early in the season, to stun Windsor. The Dales handed the Canadian school its fourth loss against 17 victories. Hillsdale stands 6-17.

The Dales' John Rowan led all scorers with 34 points. Teammate Charlie Works added 20. Ron Horvath scored 21 points to lead Windsor which never got within five points of Hillsdale.

Bud Acton, leading MIAA scorer, paced Alma's victory over Kalamazoo with 36 points. He led his club from a seven-point deficit to tie the score, 83-83, with a minute to go. Acton's four points in the last 10 seconds iced the victory. Dick Johnson led Kalamazoo with 23.

Albion overcame a 39-33 halftime deficit behind Jerry Chandler's 15 points to defeat Olivet in another MIAA game. Albion is now 3-7 in the conference, which Olivet is in last place with a 1-8 record. Olivet's Jim Everett led all scorers with 26 points.

Defiance nipped Adrian on Dick Fleming's layup with 35 seconds to play on the Ohio school's court. He scored 23 points to match Adrian's Mark Garrett.

Surprise starter Ed Scott scored the winning goal with

Lane Barely Gets Decision

ERIE, Pa. (AP) — Having passed an unexpectedly tough hurdle in the form of Erie's Johnny Bizzarro, Kenny Lane now can concentrate on his scheduled title bout with lightweight champion Carlos Ortiz.

The Muskegon, Mich., lightweight is scheduled to meet Ortiz April 4 in Puerto Rico, but for a while Wednesday night the issue may have been in doubt.

Lane, who weighed 135 1/2, won the 10-round match with a split decision at Tech Memorial Gym. He had to rally in the late rounds to win over Bizzarro, who weighed 134 1/2.

There were no knockdowns in the fight, although Lane opened a cut over Bizzarro's left eye in the second round. The two battled toe-to-toe many times, but it was Lane's strong surge in the late rounds that gave the number one lightweight contender the match.

Michigan Scores

By The Associated Press

Northern Michigan 87, Michigan Tech 72

Alma 90 Kalamazoo 83

99 Lansing 122 Saginaw

Ferris 57, Central Michigan 36

Hillsdale 84, Windsor, Ont. 77

Defiance Ohio 83, Adrian 82

Calvin 106, Hope 71

Northern Gains Revenge; Trips Michigan Tech

By The Associated Press

Calvin walloped Hope, 105-71, and Hillsdale upset Windsor, 84-77, to highlight a seven-game state basketball card Wednesday night.

In other games, Alma defeated Kalamazoo, 90-85; Albion tripped Olivet, 73-66; Defiance of Ohio nipped Adrian, 83-82; Ferris State edged Central Michigan, 57-56, and Northern Michigan beat Michigan Tech, 87-72.

Calvin's victory over Hope kept them one game ahead of Alma in the MIAA race. Calvin has a 9-1 record. Alma is 8-2. Jim VanEerden's 23 points paced Calvin which held a 44-36 halftime edge. Hope got 16 points from Clare VanWieren.

Hillsdale coach Rod Halstad went back to the fast break, an offense he hasn't used since early in the season, to stun Windsor. The Dales handed the Canadian school its fourth loss against 17 victories. Hillsdale stands 6-17.

The Dales' John Rowan led all scorers with 34 points. Teammate Charlie Works added 20. Ron Horvath scored 21 points to lead Windsor which never got within five points of Hillsdale.

Bud Acton, leading MIAA scorer, paced Alma's victory over Kalamazoo with 36 points. He led his club from a seven-point deficit to tie the score, 83-83, with a minute to go. Acton's four points in the last 10 seconds iced the victory. Dick Johnson led Kalamazoo with 23.

Major Leaguers In Golf Tourney

MIAMI, Fla. (AP) — Thirty-nine major leaguers are in the field of 155 golfers teeing off today in the 72-hole 24th annual National Baseball Players Golf Tournament.

Defending champion Jim Hearn, former Giant pitcher, faces stiff opposition from Alvin Dark, San Francisco manager, seeking his fifth title, and 1958 winner Albie Pearson of the Los Angeles Angels.

HOLY NAME will be shooting for its 12th victory in 15 starts Friday night in a home stand against the Kingsford Flivvers of the Menominee Range Conference. The Crusaders have won their last three games and five of their last six. Their only setbacks this season were suffered to Marquette Baraga twice and Menominee once. Kingsford, in one of its greatest seasons in the school's history, has won 11 of 14 starts this season and needs only a victory over Iron Mountain to share the Menominee Range Conference

crown with Niagara. Holy Name handed the Flivvers one of their setbacks, 67-61, in an earlier meeting. The squad, left to right: Bill O'Connell, Bill Menard, Mike Kidd, Jim Micheau, Walter Veldman, Frank Stupak, Clarence Ehlers, Mike LaFleur, Gene Fregetto, Frank Trotter, Ben Yagodzinski and Larry Bero. Kneeling: Student manager Ken Boucher, Coach John Butrymowicz and Manager John Fisher. (Daily Press Photo)

College Cage Crowds Grow

By The Associated Press

College basketball attendance has increased about 12 per cent this season on the basis of figures from nine major conferences.

Comparative figures compiled today by The Associated Press showed an increase over the same period of the 1962-63 season, except in the Missouri Valley.

Missouri Valley officials expected the final figures to compare favorably with those of last season since several sellout games are to be played.

The Southeastern Conference reported the biggest increase with a jump from an average of 4,684 for 131 games last season to 6,349 through 103 games as of Feb. 15.

The Atlantic Coast Conference was next in line with an increase from 5,175 for 62 games to an average of 5,570 for 41.

'Suicide' Is Apt Name For Ishpeming Ski Hill

ISHPEMING — Despite the name, no skier has ever committed suicide by jumping off the Ishpeming Ski Club's Suicide Hill.

Actually, there's an excellent safety record at Suicide Hill, which will be the scene of the United States Ski Association's national jumping championships the coming weekend.

Reason For Name

The hill received its eerie name soon after it was built in 1925. During the first jumping season on "Suicide," a clump of treacherous stumps had not yet been cleared from an area between the end of the scaffold and the landing.

Because jumpers had to soar over the stumps in order to make a safe landing, one of the riders at the first tournament on the hill in 1926 dubbed the jumping "suicide."

There've been efforts in the 28-year history of the hill to change the name, but any ideas for a fancy name have met with strong resistance from Ishpeming ski jumping fans.

Major Changes At Hill

Although the name hasn't been changed, Suicide has undergone four major changes since it was constructed.

It was enlarged in 1929, enabling skiers to make jumps of more than 200 feet for the first time. After the landing was improved in 1940, a hill record of 238 feet was set in 1941.

In 1947, the hill was enlarged again and a long-jump record of 259 feet was made.

Then in 1953 the takeoff was lowered, a wooden "apron" on the landing hill was removed and the height of the scaffold was reduced. The record jump on the remodeled "Suicide" is 252 feet.

"The changes made in 1953 didn't shorten the longest jumps a good deal and the changes actually made the average jumps longer," according to Dr. Jack Biella, president of the Ishpeming Ski Club.

New Steps For Skiers

For the nationals this weekend, the Ishpeming Ski Club has built new steps for the jumpers—317 of them from the foot of the hill to the top of the scaffold. There's also a new judges' stand, which was erected last year.

Suicide Hill is known among ski jumpers across the nation as the "granddaddy of ski jumps." That's because it's one of the oldest jumps in the nation still in operation.

Jumpers also know "Suicide" as a hill that "separates the men from the boys."

Burt Boyum, curator of the National Ski Hall of Fame in

Rodman Mails Entry Blanks

HERMANSVILLE—The 26th Annual Upper Peninsula and Northeastern Wisconsin Amateur Basketball Tournament for teams from the Upper Peninsula and Wisconsin will be held on March 21-22-24-25-26-28-29 in the Hermansville Community Center gym.

Frank J. Rodman, tournament manager, said 50 entry blanks had been sent out and that about 35 teams were expected to enter. Forty - one teams participated in the seven-day grind last year with Oshkosh Loft Bar winning the Class A honors and the Champion Chiefs the "B" title.

The Hermansville tournament, one of the largest annual cage attractions in the Middle West, is considered the top independent tournament in the area and just about decides the Upper Peninsula Amateur Championships.

"Most of the leading teams have been sent entry blanks," said Rodman, "but there may have been teams overlooked who wished to enter." They may obtain entry blanks by writing to the tournament headquarters in Hermansville. The entry deadline is March 11th.

Some of the teams showing interest in this year's tournament include Eben, Green Bay Reliance Printers, Stephenson, Norway Merchants, Loretto, Champion, Munising, Ironwood, Menominee Ideal Dairy, Oconto, Pembine, Manistique, Trout Creek, and teams from Escanaba, Marquette, Ishpeming, Negaunee, Gren Bay and Iron Mountain.

Ishpeming Home Of USSA

In 1947 the USSA held its national jumping championships on Suicide Hill for the first time. That was the first time that the national association, founded in Ishpeming in 1904, had held its annual tournament here since 1906.

The USSA nationals were held on Suicide Hill in 1954 and this weekend, 60th anniversary of the national association, the nationals will be here again.

In addition, tryouts for the world championships were held on Suicide Hill in 1958 and the U. S. Olympic tryouts were held here in 1960 and again last year.

Proud Of Safety Record

One of the best safety records of any jump in the nation has been maintained at Suicide Hill because of the excellent snow conditions in Ishpeming and because of the care which Ishpeming skiers give the hill, Dr. Biella said.

"Although jumping looks dangerous, it's actually quite safe, provided the skier is ready for jumping and the hill is ready for jumping," Dr. Biella said.

He said that, although non-jumpers are awed by the speed and height, a jumper who is physically fit and knows his sport well is safe, if the hill is properly tramped out hard and smooth and is free of ice and ruts.

GLADSTONE

Youth Robs Gas Station

A Gladstone minor has been apprehended by City Police for the theft of money from the Speedway Service Station, located at the corner of Montana Ave. and 9th St., Tuesday noon.

"Frenchie" Lagina of Kipling, operator of the service station, told police that approximately \$125 was missing. He said the youth had entered the service station seeking change. Lagina couldn't wait on the boy immediately as he was fixing a tire in the shop.

Lagina and another customer suddenly noticed the boy running from the building and when they went to investigate, found the cash register open and the money missing.

Police said Lagina told them there was between \$30 - 40 in the till and \$80 in an envelope and that all of it was missing. Police recovered \$25 of the monies stolen.

The boy was released in the custody of his parents, however, he will be turned over to the juvenile authorities of the Probate Court.

Cotton requires about 200 days to grow to maturity.

Firetruck Taken By Small Boys

AUGUSTA, Ga. (AP)—Firemen battled a blaze which damaged three buildings Wednesday night. Seven fire trucks arrived at the scene in a neighborhood shopping center. Suddenly, there were only six trucks.

An alarm was sounded for a stolen fire truck. It later was found abandoned about a mile away. Authorities said several small boys were seen to leave the vehicle.

Colleges Voted Research Funds

LANSING (AP)—A whittled-down request to release research funds to seven colleges and universities moved to the Senate today after winning 91-5 approval in the House.

The resolution would release \$444,755 of a \$750,000 fund set aside by the 1963 legislature as a key element in Gov. George W. Romney's economic expansion program.

Two of the 13 projects in the original resolution were cut out in committee. These would have sent \$35,000 to Michigan State University for research on packaging cracked eggs and use of computers.

Central Michigan, Northern Michigan, MSU, and Wayne State would cooperate on one tourism study approved Wednesday. Grand Valley, Michigan Tech, and Wayne State are each down for one project.

MSU would undertake four studies and University of Michigan three if the Senate goes along with the House - approved version.

Hit By Scenery

TORONTO (AP)—A piece of scenery hit comedian Sid Caesar at Toronto's O'Keefe Theater, paralyzing his left arm, but Caesar finished the show.

The accident occurred during Tuesday night's performance of "Little Me."

Caesar's arm was back to normal.

Card Of Thanks

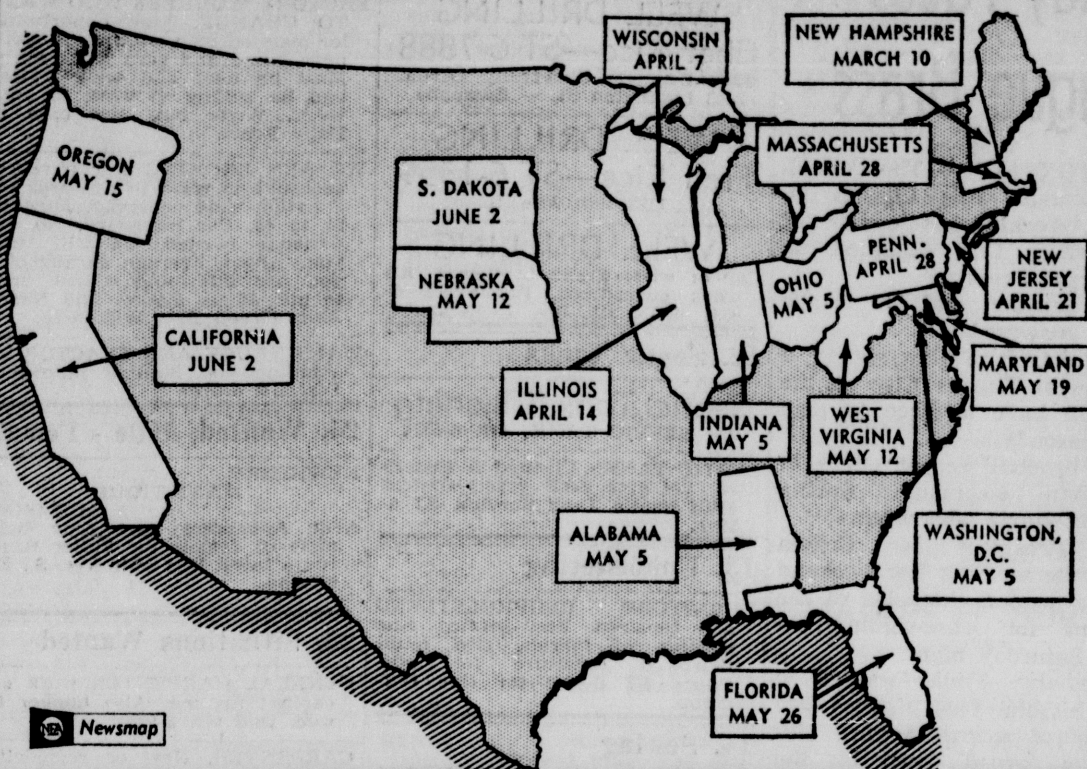

Berg

We wish to express our sincere thanks to neighbors and friends for the assistance and sympathy shown us at the time of the death of our dear wife and mother, Mrs. Helyn Berg. We are especially grateful to those who sent cards, flowers and other gifts, offered cars for the service, and those who drove them, the Rev. Reuben Carlson, The Lutheran Church Women and the Altar Guild, Mrs. Ellis Movalson and Mrs. Michael Creten, for the music, the pallbearers and all others who by word or deed assisted us at this time. The memory of these acts of kindness will always remain with us.

Signed:

Kenneth and James Berg

DATES OF FORTHCOMING STATE PRESIDENTIAL PRIMARIES

PRIMARY CIRCUIT—First of the 18 presidential preference primaries will be held in New Hampshire on March 10. Republican candidates Gov. Nelson Rockefeller of New York and Sen. Barry Goldwater of Arizona are already on the campaign trail there. New York will hold a primary in addition to states shown on Newsmap. The date has not yet been set, but is generally held on the first Tuesday of April. Alabama will hold a Democratic-only primary on May 5. Last primaries before the Republican and Democratic National Conventions are in California and South Dakota on June 2.

'Only Fair' Is Shanties' Word

In the Gladstone area fishing on Little Bay de Noc in the past week could only be rated as fair, the Conservation Department reports. There were some fair to good catches of perch taken in the upper end of Little Bay de Noc on minnows and wigglers and a few walleye were caught off Vagabond Resort and at the end of the Day's River reef, with the favored baits being minnows and Swedish pimples and best results had in the late afternoon. Spear fishing for northern pike has been very slow, with only a few fish taken during the past week.

In the Trenary area some walleyes are being taken on hook and line on Little Lake. Round Lake reports pike being taken on tip-ups. Perch are biting on worms on the south end of the AuTrain Basin.

In the Munising area fishing on Lake Superior continues to yield some perch pike and Menominee. The heaviest concentration of fishermen has been in the west end of the Brown's Addition area. Thornton Lake, off of Federal Highway 13, has again yielded some very nice bluegills when fishing mainly toward the evening hours.

In the Chatham area AuTrain

and 16 Mile lakes produced some northern pike on tip-ups using both live bait and dead smelt with some also speared. Both lakes produced fair perch catches using hook and line and live minnows, perch eyes and worms. The AuTrain Basin produced some light perch catches on worms.

LANSING (AP)—A whittled-down request to release research funds to seven colleges and universities moved to the Senate today after winning 91-5 approval in the House.

The resolution would release \$444,755 of a \$750,000 fund set aside by the 1963 legislature as a key element in Gov. George W. Romney's economic expansion program.

Two of the 13 projects in the original resolution were cut out in committee. These would have sent \$35,000 to Michigan State University for research on packaging cracked eggs and use of computers.

Central Michigan, Northern Michigan, MSU, and Wayne State would cooperate on one tourism study approved Wednesday. Grand Valley, Michigan Tech, and Wayne State are each down for one project.

MSU would undertake four studies and University of Michigan three if the Senate goes along with the House - approved version.

Hit By Scenery

TORONTO (AP)—A piece of scenery hit comedian Sid Caesar at Toronto's O'Keefe Theater, paralyzing his left arm, but Caesar finished the show.

The accident occurred during Tuesday night's performance of "Little Me."

Caesar's arm was back to normal.

Card Of Thanks

Berg

We wish to express our sincere thanks to neighbors and friends for the assistance and sympathy shown us at the time of the death of our dear wife and mother, Mrs. Helyn Berg. We are especially grateful to those who sent cards, flowers and other gifts, offered cars for the service, and those who drove them, the Rev. Reuben Carlson, The Lutheran Church Women and the Altar Guild, Mrs. Ellis Movalson and Mrs. Michael Creten, for the music, the pallbearers and all others who by word or deed assisted us at this time. The memory of these acts of kindness will always remain with us.

Signed:

Kenneth and James Berg

MANISTIQUE

Curleys Aid Area At Tourist Show In Ohio

Mr. and Mrs. Bob Curley of Cincinnati, Ohio, will man the U. P. booth at the travel show there Saturday and Sunday, the Top O' Lake Michigan Chamber of Commerce announces.

The show will be manned beginning Monday by the International Bridge Authority of Sault Ste. Marie, Carl Graves, C-C secretary here made arrangements for the Curleys to handle the project when no one was available from the U. P. to go down.

Curley grew up in Manistique and is the son of Mr. and Mrs. R. D. Curley. He is an expediter for Proctor and Gamble Co.

Briefly Told

Orrin Wickert, district sales manager and William Rank, sales representative for the D. T. & L. and Ann Arbor Railroad, visited here Monday and Tuesday.

Cars driven by Orin L. Burrell, 73, of Rte. 1 and Alfred G. Orr, 29, of Cooks were damaged in an accident at 2:30 p. m., Monday on a fishing site road at Thompson, a half mile north of M 149.

State Police ticketed Donald K. Nesberg, Newberry, no registration plates on semi-trailer; Lenie E. Frasure, Newberry, defective brakes on semi-trailer. Donald W. Blakely, Newberry, paid fine of \$40 and costs of \$2 in Justice Court on a weighmaster ticket for overweight on a truckload.

Hospital

Discharged from Schoolcraft Memorial Hospital were Garnet Lippert, Gulliver, Augusta Johnson, Rte. 1 and Laura Sample, Thompson.

Personals

Mr. and Mrs. Mayne Bashore have returned from Detroit where Mrs. Bashore had surgery at Grace Hospital.

Card Of Thanks

Bashore

My sincere thanks to all who sent me the nice cards and offered words of encouragement while I was a patient in Grace Hospital, Detroit. The many kindnesses will always be remembered.

Mayne Bashore

Spy Girl Had An Understudy

PONTIAC (AP)—A secretary to Lt. Gov. T. John Lesinski was an understudy to the pretty spy state police used to set up a gambling raid on a Madison Heights club.

This disclosure was made from the witness stand Wednesday by Margaret Allen, a legislative secretary and key witness in a case against 24 men charged with violating gambling laws.

Miss Allen said her understudy as undercover agent was Miss Barbara Fowler, who works for Lesinski in Lansing. The 24 men were arrested Oct. 11 in a raid on the Steren Assembly Club in Madison Heights. They are being examined before Farmington Justice of the Peace Allen C. Ingle at the West Bloomfield Township Hall.

Miss Allen testified she and Miss Fowler were asked to be special agents by state police. Authorities said both women were brought to Detroit where Miss Allen finally was selected for the Steren job.

Miss Allen, 27, a secretary to House Democrats, gained entry into the club just before the raid took place. She said she received \$100 for her state police work.

"I work for lawmakers, the people who make the laws to govern the state and I like my job very, very much," Miss Allen said. "If I thought that I could help enforce those laws in any way...I would certainly do it."

Plan Extension Workshop On Lakes, Ponds

A lake and pond workshop is scheduled March 5 from 10 a. m. to 3:30 p. m., at Lakeside School with Clifford Humphreys of Michigan State University assisting. Various officials and interested persons will be attending the session, under sponsorship of the MSU Cooperative Extension Service.

Country Club Women's Group Plans Activities

The women's group of Indian Lake Golf and Country Club plans dinner dances May 30 and Aug. 29 with Mrs. John Moffat as chairman, and has named Mrs. Barney Johnson, Mrs. Nick Modders, Mrs. Ossi Smith and Mrs. William Howe to the golf committee.

Mrs. A. W. Cookram has been named bridge chairman, Mrs. Lyle Wilson and Mrs. Merle Whener, activities and Mrs. Bud Malloy, hostess chairman. The directors include Mrs. John Kelly, president; Mrs. Ferd Gorsche, vice president; Mrs. Earl H. LeBrasseur, secretary; Mrs. Ellsworth Curran, treasurer; Mrs. Robert Nelson and Mrs. Nick Modders.

Regular meetings will be held on Wednesdays beginning in May, the group has decided.

Germfask PTA Plans Comedy Show Feb. 29

An all-male cast will present a beauty pageant with talent and bathing suit competition at the Germfask school at 8 p. m., Feb. 29. Bruce Gilman of the Germfask - Seney Lions club "looks like someone from Moulin Rouge" when he performs the can-can and Barney Swisher brings back the roaring twenties with his version of the Charleston. Paul Ketola is a riot as a pert little bunny girl while his brother Hank's twist "would put the golden girl to shame," the committee in charge reports.

Other beautiful competitors will be Floyd Hewitt, Vern Lloyd, Jim Barker, Buck Burns, Bill Burton and Ling Burns. The program is laced with home spun humor as the 'girls' frolic through song and dance. Lester Hall, Harold Rupright and Bill Miller will judge the bathing suit contest.

The play is presented by the Germfask PTA and will include one of those "incomparable" visits by Celia Losey. Rumor has it that there may even be a surprise visit from those shaggy-haired troubadours from England.

Hazen-Chartier Law Case Near Decision Stage

The presentation of evidence and testimony of witnesses in the Hazen-Chartier law case was completed in Schoolcraft County Circuit Court Wednesday with arguments of attorneys before the jury scheduled at the close of the afternoon session. Under the new constitution, a verdict by 10 of the 12 jurors is needed.

In his instructions to the jury Judge George S. Baldwin noted the plaintiffs, Hazel and Ossie Hazen started action to recover for injuries which they claimed she sustained in an accident Aug. 4, 1961, that the driver of the Chartier Service Station wrecker, Vernon Tuffnell was an employee and agent of Clyde Chartier, and the plaintiffs claim Tuffnell was negligent and this was the proximate cause of an unusual accident in which Mrs. Hazen received whiplash type injuries.

The defendants, Clyde Chartier, Chartier Service Station and Tuffnell claim Tuffnell was not guilty of negligence, that Mrs. Hazen was guilty of contributory negligence and that the accident was an unavoidable one with no one to blame.

Mrs. Hazen claims \$20,000 damage and her husband, \$10,000 for injuries suffered while the Hazen car was being pushed.

In other action Wednesday Judge Baldwin received a motion for severance of Butler Manufacturing Co., as a third party in a law case of George Goudreau and Marie Goudreau against Manistique Oil Co., and others.

Set Installation Rite For Rev. Pitts

An installation service will be conducted tentatively, March 1, at 3:30 p. m., for the Rev. Roy A. Pitts, new pastor of First Baptist Church.

Dr. Arthur Farrell, executive secretary and Dr. James Burgess, director of town and country for the Michigan Baptist Convention, will be present.

Noel Harbin will present a violin solo and Marilyn Pitts will sing a vocal solo. Refreshments will be served. The public is invited.

Social

OES Anniversary

Approximately 150 persons attended the 75th anniversary dinner of Ida Chapter of the OES Saturday evening. Those present included Ann Joyce, worthy grand matron and Ivar Carlson, grand patron.

Tributes were given by Mrs. Leo Curran, president of the Past Matrons Club, Clarence Johnson, worshipful master of Lakeside Lodge, Jane Sawyer, honored queen of Jobs Daughters and Ronald Johnson, master counselor for the DeMolay. The history was written by Mrs. A. F. Hall, a past matron and read by Mrs. James H. Fyvie.

Initiation ceremonies followed the dinner with Iver Carlson, worthy grand patron participating. Larry Weaver sang a solo with Eleanor Jorgenson as accompanist.

Visiting chapters represented were from Escanaba, Sault Ste. Marie, Gladstone, L'Anse, Menominee, Iron Mountain, Marquette, Newberry, Munising, Ruth Carlson, grand chaplain and Sally Shiner, grand Ada were among guests.

The reception was attended by 100. Pink and silver decorations were used with a large cake formed with five heart-shaped smaller cakes. In charge of the reception were Mr. and Mrs. William Drefs, Mr. and Mrs. Davidson, Mr. and Mrs. William Mueller, Mr. and Mrs. Howard Hewitt and Mrs. Clifford Cool.

Finley Faces League Brass

BOSTON (AP)—The American League calls Charles O. Finley, recalcitrant owner of the Kansas City Athletics, on the carpet Friday.

The question that the league wants answered is: Why hasn't Finley signed a lease with Kansas City so the A's will have a place to play this season?

The baseball season opens in less than two months. Spring training starts next week.

AL President Joe Cronin called the meeting last weekend after a second extension of the deadline for lease-signing expired Saturday night.

Originally, Finley wanted to move his club from Kansas City because of poor attendance. But he was turned down by the American League owners in his bid to shift his franchise to Louisville, Ky. The vote was 9-1. Finley was the only one voting for the shift.

Finley then insisted that he would sign a Municipal Stadium lease in Kansas City for two years, and for two years only. City officials held out for a four-year lease.

Many meetings and much discussion by both sides and by attorneys failed to settle the differences.

The American League also has threatened to take Finley's franchise away from him—to kick him out of the league, in other words.

Finley replied that the league has no power to take his franchise and has threatened to sue the league for refusing him permission to move to Louisville. Finley has retained attorney Louis Nizer for the threatened suit.

Bonnies Bow To DePaul

By The Associated Press

"If we had to lose to DePaul it's just as well we got beat now instead of in the NIT."

Maybe Larry Weise, coach of the St. Bonaventure college basketball, didn't say those words Wednesday night, but he might have after the Bonnies lost to DePaul for the first time ever, 81-76.

It was a sort of preview of a possible rematch in next month's National Invitation. Bonnies had accepted a bid to the NIT. DePaul, ninth-ranked nationally in The Associated Press poll, had been named earlier this week.

The Blue Demons, beaten by the Bonnies 71-67 last season and in three other previous games, withstood a late rally by the Bonnies before 4,265 at their Alumni Gym in Chicago.

Behind by 11 points the Bonnies surged to within three points at 77-74 with two minutes left, but couldn't get any closer as DePaul converted four straight free throws.

Fred Crawford with 25 points, nine of them in the late rally, led the boys from Olean, N.Y. Dave Mills topped DePaul with 22.

In another game involving journey-bound teams, Pitt, in the NIT, whipped Temple, in the NCAA, 78-67. Louisville, also in the NCAA, humbled St. Francis, Pa., 84-70.

Ohio Univ. edged Miami of Ohio 63-60 for the lead in the Mid-American Conference and Penn State defeated West Virginia 86-76 for its eighth straight victory in other games on the slim national program.

Obituary

ANNA SAUHEITL

Funeral services for Miss Anna Sauheitl, 74, of 115 N. Fourth St., who died Feb. 17, were held at 9 a. m., Wednesday from St. Francis de Sales Church with Rev. Terrence Donnelly officiating. Redskins Sign Coach From AFL

WASHINGTON (AP) — Coach Bill McPeak reached into the "other league" today to hire a defensive backfield coach for the Washington Redskins of the National Football League.

He signed Ed Hughes, who held the same job last fall with the Denver Broncos of the rival American Football League. Hughes had coached the defensive backfield for another AFL team, the Dallas Texans, three seasons before that.

However, Hughes' playing experience was all in the NFL, first with the Los Angeles Rams and then with the New York Giants. He was a regular defensive back on two Eastern Division and one NFL championship team in New York.

Trooper Bails Out On Gunman

JACKSON (AP) — "His gun hand started to shake so I thought I had better bail out," said State Police Sgt. Charles Southworth Wednesday in describing how he jumped from his car after a forger suspect pulled a gun.

Southworth was unarmed and in plainclothes. He was taking a man who identified himself as James T. Lata of Jackson to state police headquarters for questioning concerning a check he had tried to cash at a supermarket.

The officer had just returned to the post from a trip to nearby Southern Michigan Prison and had not reclaimed his weapon. An emergency call came from the supermarket where a manager suspected a forged check was being offered.

"I picked him up and we were about halfway to the post when he pulled a gun out of his belt and said 'look, stop the car, I mean business,'" Southworth said.

The officer said he tried to calm the man, who grew increasingly nervous.

"So, I just tromped on the accelerator, unlatched the door and rolled out," said Southworth.

The car rolled about 100 yards and stopped. The suspect got out and ordered Southworth to come back, the officer said.

"I decided that was no place for me and took off toward I-94," he said.

Trees Available From Soil District

Trees may be ordered again, according to Dave Ottoson of the USDA Soil Conservation Service. It is usually a good policy to order early to assure your being able to get the size and kind of trees wanted. The Luce-West Mackinac Soil Conservation District has order blanks from both public and private nurseries.

As a good land use treatment, the District urges landowners to consider tree planting. There are many acres of land that need to be planted. Land going back to undesirable brush or trees, land that is steep, sandy, rocky, or otherwise unproductive agriculture land. These are the kinds of acres that should be planted to trees.

The Luce-West Mackinac Soil Conservation District has many services available to the landowner such as soils information, planting guides, planning assistance on plantations, transportation assistance, information on tree planters and many other services. So if you as a landowner are interested in tree planting, contact the U. S. Soil Conservation Service in the Community Building in Newberry.

Briefs

Mr. and Mrs. Russell Mark arrived home after spending a few days in Port Huron, Flint and Swartz Creek visiting their daughters, Mrs. Donald Weston, Mrs. Vincent Borowski and Nancy Brown.

Jane Kirby and Anne Barney who are employed in Muskegon spent the weekend visiting their parents, Mr. and Mrs. Frank Kirby, also Mrs. Clara Barney.

Mrs. Frank Kirby and Mrs. Al Crawford left for Goodells to attend the funeral of their uncle, George Lacey.

Doris McInnis and fiancé of Ann Arbor spent the weekend visiting her parents, Mr. and Mrs. Floyd McInnis.

Home Workshop

ST. FRANCIS BIRD FEEDER 19" HIGH

YOUR LEAFLESS GARDEN will take on new interest with the Patron Saint of wild creatures presiding over a bird feeder. The figure is cut out of wood with details painted in dark brown. Pattern 444, which gives actual-size guides for it and the shelter with back bin that feeds grain into the front tray, is 35c. It also is one of four patterns in the Bird House and Feeder Packet No. 32—all for \$1.

NEW STAMP—A 5-cent, multicolor stamp in honor of John Muir, the American naturalist, will be issued by the Post Office Department on April 29 in Martinez, Calif., where Muir spent the last years of his life. The stamp shows Muir in a forest of redwoods, which he helped save from destruction.

Skiers Increase

Porcupine Mountains State Park has had more skiers than a year ago. The count to Feb. 2 was 1,500 ahead of the same period last year.

Manned Flight Into Space Set For This Fall

WASHINGTON (AP)—Fifteen of the 29 astronauts have completed general training for Project Gemini, and the first manned flight of the two-man spacecraft will be made late this year, the National Aero-

nautics and Space Administration said Wednesday.

Dr. George E. Mueller, NASA associate administrator for manned space flight, said detailed planning for the first Gemini mission—an unmanned flight scheduled for early this spring—is completed, and planning is well along for flights No. 2 and No. 3.

Mueller told the House subcommittee on manned space flight that before the first manned orbital flight of the three-man Apollo spacecraft—a larger vehicle designed ultimately for flights to the moon and back—Gemini will have accomplished 860 hours of manned flight.

This will include three missions of long duration and six for the practice of rendezvous with other spacecraft.

Delta Second In Yule Sales For Peninsula

December sales tax collections in Delta County were the second largest in the Upper Peninsula.

Marquette county led with \$236,088, of which the City of Marquette contributed \$120,916 and Delta had \$148,922 of which the City of Escanaba contributed \$105,954.

Chippewa County was in third place with \$137,492 of which Sault Ste. Marie contributed \$108,000 to make it the second shopping center of the U. P. for the holiday month.

Dickinson County with \$115,482 trailed fourth place Houghton County with \$134,230.

EARTH'S GREATEST DEPTH

Deepest pit yet found on the face of the earth is the Challenger Depth, southwest of Guam. This 35,640-foot hole was named for its discoverer, the British survey ship Challenger.

School Dropout Remedy Pushed

LANSING (AP) — Measures calling for \$10 million and \$60,000 to fight the school dropout were introduced in the State Legislature Wednesday.

Sen. William D. Ford, D-Taylor, was chief sponsor of a Senate bill calling for distribution of \$10 million in the next fiscal year to Michigan school districts for programs to combat the dropout problem.

Rep. Harry Demse, R-Battle Creek, introduced a House measure to appropriate \$60,000 for five pilot programs on educational needs of youths 16 to 18 who are out of school.

Ford said he does not expect school districts to move fast enough to spend anywhere near \$10 million in the first year if the legislature enacts the bill.

The Senate bill is one of two recommended by the governor's state advisory committee on the educational needs of youth. A second bill recommended by the committee would raise the compulsory school age to 17.

Otters In Park

Vic Haas, manager of Indian Lake State Park, reports that two otter have moved into the Big Spring at Palms-Brook State Park at Thompson.
